Each Contractor shall prepare a list of the types of property considered to be sensitive. This list, together with control procedures, shall be provided to the DOE Property Administrator for review and approval.

(3) At a minimum, controls on sensitive property shall include property records, and memorandum receipts, bin or tool check systems, or combinations thereof. Procedures shall provide for physical inventories at least once each year, and methods for adjustment of inventory levels due to losses, thefts, and damage. More frequent inventories of sensitive property may be necessary where the value of the property, degree of security achieved, or loss experience indicates greater controls are required in order to protect the Government's interest. Such procedures and practices shall be subject to review and approval by the DOE Property Administrator.

e. Management of precious metals. (1) Precious metals means uncommon and highly valuable metals characterized by their superior resistance to corrosion and oxidation. Included are silver, gold, and the platinum group metals-platinum, iridium, osmium, rhodium, and ruthium.

Other measures of use will need to be considered.

(4) Local use objectives should be reviewed annually and should take into consideration past performance, future requirements, and special operating conditions and should be consistent with the justification used to obtain vehicle authorizations. The ultimate standard against which vehicle use must be measured is that the minimum number of vehicles will be retained to satisfy program requirements.

(5) Utilization review should be conducted annually to ensure maximum utilization of vehicles is achieved and is consistent with established local use objectives.

"Hard dollar savings" as used in this clause, means cost savings which revert to DOE control and may be available for deobligation in the immediate fiscal year or which shall become available for deobligation in the following fiscal years. Such savings may result from a specific cost reduction effort which is broken out from other effort and negotiated on a Cost Plus Incentive Fee (CPIF)/Fixed Price Incentive (FPI)/Firm Fixed Price (FFP) basis or may result directly from

g Sharing Rate

18. Clause H.39, **COST SAVINGS INCENTIVE**, is being added to the contract.

H.39 COST SAVINGS INCENTIVE

It is the Department of Energy's intent to have its facilities operated in the most efficient and cost-effective manner possible. The Government and the Contractor shall share identified cost variances as a result of efficient and cost-effective performance of work scope under this contract.

The Government and the Contractor shall share identified cost variances on the basis of 25% to the Contractor for each dollar of overrun or underrun. Such cost variance shall be measured by the difference between the total estimated cost as set forth in the negotiated task orders and the actual cost of performance of the task order scope of work for the fiscal year. The negotiated task order amount shall consist of the original task order amounts and any task order modifications that affect the task order scope of work. Net cost savings or cost increases will be payable to or by the Contractor on at least an annual basis, after verification of the savings by the Government.

e. The Contractor shall submit to the Contracting Officer for approval an annual update to the Make or Buy Plan each June 30 (beginning in 1998 for FY 1999) for the following FY. Specific details of the analyses may be requested by the Contracting Officer. The Contractor may propose changes at any time to the approved plan with reasonable notice in advance of the proposed change by notifying the Contracting Officer in writing, submitting justification in sufficient detail to permit evaluation, and obtaining Contracting Officer approval.

f. Modifications to the Make or Buy Plan to incorporate proposed changes or additions shall be effective upon the Contractor's receipt of the Contracting Officer's written approval.

Clause I.01, **CLAUSES INCORPORATED BY REFERENCE**, Section II, is revised to delete clause 952.209-72, **ORGANIZATIONAL CONFLICTS OF INTEREST - SPECIAL CLAUSE**, and insert the following new clause for organizational conflicts of interest. This new clause incorporates the requirements of Acquisition Letter 96-06.

I.12 ORGANIZATIONAL CONFLICTS OF INTEREST (JUNE 1996, AL 96-06)

a. Purpose. The purpose of this clause is to ensure that the Contractor (1) is not biased because of its financial, contractual, organizational, or other interests which relate to the work under this contract, and (2) does not obtain any unfair competitive advantage over other parties by virtue of its performance of this contract.

b. Scope. The restrictions described herein shall apply to performance or participation by the Contractor and any of its affiliates or their successors in interest (hereinafter collectively referred to as "Contractor") in the activities covered by this clause as a prime Contractor, subcontractor, cosponsor, joint venturer, consultant, or in any similar capacity.

(1) Use of Contractor's Work Product

(i) The Contractor shall be ineligible to participate in any capacity in Department contracts, subcontracts, or proposals therefor (solicited and unsolicited) which stem directly from the Contractor's performance of work under this contract for a period of five years after the completion of this contract. Furthermore, unless so directed in writing by the Contracting Officer, the Contractor shall not perform any advisory and assistance services work under this

contract on any of its products or services or the products or services of another firm if the Contractor is or has been substantially involved in their development or marketing. Nothing in this subparagraph shall preclude the Contractor from competing for follow-on contracts for advisory and assistance services.

(ii) If, under this contract, the Contractor prepares a complete or essentially complete statement of work or specifications to be used in competitive acquisitions, the Contractor shall be ineligible to perform or participate in any capacity in any contractual effort which is based on such statement of work or specifications. The Contractor shall not incorporate its products or services in such statement of work or specifications unless so directed in writing by the Contracting Officer, in which case the restriction in this subparagraph shall not apply.

(iii) Nothing in this paragraph shall preclude the Contractor from offering or selling its standards and commercial items to the Government.

(2) Access to and use of information.

(i) If the Contractor, in the performance of this contract, obtains access to information, such as Department plans, policies, reports, studies, financial plans, internal data protected by the Privacy Act of 1974 (5 U.S.C. 552a), or data which has not been released or otherwise made available to the public, the Contractor agrees that without prior written approval of the Contracting Officer it shall not: (A) use such information for any private purpose unless the information has been released or otherwise made available to the public; (B) compete for work for the Department based on such information for a period of six (6) months after either the completion of this contract or until such information is released or otherwise made available to the public, whichever is first; (C) submit an unsolicited proposal to the Government which is based on such information until one year after such information is released or otherwise made available to the public; and (D) release such information unless such information has previously been released or otherwise made available to the public by the Department.

(ii) In addition, the Contractor agrees that to the extent it receives or is given access to proprietary data, data protected by the Privacy Act of 1974 (5 U.S.C. 552a), or other confidential or privileged technical, business, or financial information under this contract, it shall treat such information in accordance with any restrictions imposed on such information.

(iii) The Contractor may use technical data it first produces under this contract for its private purposes consistent with subparagraphs (b)(2)(i)(A) and (D) of this clause and the patent, rights in data, and security provisions of this contract.

(c) Disclosure after award.

(1) The Contractor agrees that, if changes, including additions, to the facts disclosed by it prior to award of this contract, occur during the performance of this contract, it shall make an immediate and full disclosure of such changes in writing to the Contracting Officer. Such disclosure may include a description of any action which the Contractor has taken or proposes to take to avoid, neutralize, or mitigate any resulting conflict of interest. The Department may, however, terminate the contract for convenience if it deems such termination to be in the best interest of the Government.

(2) In the event that the Contractor was aware of facts required to be disclosed or the existence of an actual or potential organizational conflict of interest and did not disclose such facts or such conflict of interest to the Contracting Officer, DOE may terminate this contract for default.

(d) Subcontracts

(1) The Contractor shall include a clause, substantially similar to this clause, including this paragraph, in subcontracts expected to exceed the simplified acquisition threshold determined in accordance with 48 CFR (FAR) Part 13 and involving performance of advisory and assistance services as that term is defined at 48 CFR (FAR) 37.201. The term "contract", "Contractor", and "Contracting Officer" shall be appropriately modified to preserve the Government's rights.

(2) Prior to the award under this contract of any such subcontracts for

advisory and assistance services, the Contractor shall obtain from the proposed subcontractor or consultant the disclosure required by 48 CFR (DEAR) 909.570-7, and shall determine in writing whether the interests disclosed present an actual or significant potential for an organizational conflict of interest. Where an actual or significant potential organizational conflict of interest is identified, the Contractor shall take actions to avoid, neutralize, or mitigate to the satisfaction of the Contractor the organizational conflict. If the conflict cannot be avoided or neutralized, the Contractor must obtain the approval of the DOE Contracting Officer prior to entering into the subcontract.

(e) Remedies. For breach of any of the above restrictions or for nondisclosure or misrepresentation of any facts required to be disclosed concerning this contract, including the existence of an actual or potential organizational conflict of interest at the time of or after award, the Government may terminate the contract for default, disqualify the Contractor from subsequent related contractual efforts, and pursue such other remedies as may be permitted by law or this contract.

(f) Waiver. Requests for waiver under this clause shall be directed in writing to the Contracting Officer and shall include a full description of the requested waiver and the reasons in support thereof. If it is determined to be in the best interests of the Government, the Contracting Officer may grant such a waiver in writing.

ATTN: Donna Bergman-Tabbert, Manager

2. Clause H.24, **TASK ORDER PROCEDURES,** is deleted in its entirety and replaced with the following. This clause is revised to reflect the current task order process.

H.24 TASK ORDER PROCEDURES

Performance under this contract shall be subject to the following ordering procedure.

a. The Contractor shall incur costs under this contract only in the performance of Task Orders and revisions to Task Orders issued in accordance with this ordering procedure. No other costs are authorized without the express written consent of the Contracting Officer.

b. From time to time during the period of performance of this contract, Task Orders will be approved in writing by the Contracting Officer and sent to the Contractor designating (a) the task to be performed; (2) the schedule of performance; (3) authorized travel; (4) not to exceed estimate of cost and DPLH; and (5) any Government-furnished property. Such Task Orders will specify deliverables and required delivery dates. Deliverables may consist of statements, charts, reports, briefing notes, tabulations, view graphs, and other forms of presentation as appropriate. If appropriate, based on 48 CFR 945, property that is Government-furnished or Contractor-acquired will also be listed in the property schedules of this contract as well as the individual Task Orders.

c. Task Orders will be issued on forms specified and provided by the Government. Task Orders will be numbered. A revision to a Task Order will be identified by an alpha designation following the existing Task Order number indicating the revision sequence.

d. The Contractor shall submit within ten (10) calendar days, after receipt of each Task Order issued by the Contracting Officer, a Contractor Task Plan. The Task Plan is the Contractor's overall estimate for the completion of the Task Order and shall include the following:

(1) Date of commencement of work and any necessary revision to the schedule of performance.
(2) Direct Productive Labor Hours (DPLH), both straight and overtime, (if authorized), on a monthly basis by applicable labor category, and the total DPLH, including those in (4) below, and the estimate to complete the task.
(3) The travel and material estimate.
(4) An estimate for subcontractors and consultants including the DPLH, if applicable.
(5) Estimated computer use time required, if applicable.
(6) Other pertinent information, indirect costs, consultants, interdivisional transfers, etc.
(7) The total estimated cost for completion of the Task Order.

e. The Contractor's Task Plan is subject to the review of the Contracting Officer. After a Task Order is issued, if any revision becomes necessary to the estimated cost or level of effort, the Contractor shall promptly submit to the Contracting Officer a revised Task Plan with explanatory notes. Revised Task Plans submitted by the Contractor are subject to the review and approval of the Contracting Officer.

f. This ordering procedure is of a lesser order of precedence than the "Limitation of Cost," "Limitation of Funds," "Completion Dates," "Term of Contract," "Level of Effort," clauses of the contract. The Contractor is not authorized to incur costs on Task Orders that are not in compliance with any of those clauses of the contract.

g. Task Orders shall be issued for completion only within the clause entitled "Term of Contract," unless unexercised options to extend the term are available to the Government. In that event, any task period of performance is considered provisional unless the term of the contract is extended.

3. Clause H.26, **OBSERVANCE OF LEGAL HOLIDAYS** is deleted in its entirety and replaced with the following. This clause is revised to change the holidays recognized by WASTREN.

The Contractor is required to ensure that sufficient personnel are available to provide the services necessary to avoid any interruption of work performed by the Government or the other DOE on-site contractors working on those holidays observed by the Contractor.

The Contractor shall conform to the holidays listed above. If the Contractor substitutes different holidays than those stated above, prior written approval of the Contracting Officer is required. Observance of the above days by the Contractor shall not be cause for an additional period of performance or entitlement of compensation except as set forth in the contract.

4. Clause H.32, **CORPORATE HOME OFFICE EXPENSE**, is deleted in its entirety and replaced with the following. This clause is revised to allow for additional General and Administrative Expense for FY 1998.

H.32 CORPORATE HOME OFFICE EXPENSE

No corporate home office expense of the Contractor shall be allowable under this contract without the prior approval of the Contracting Officer.

For FY 1998, additional corporate general and administrative expenses are allowable under this contract in the amount of $300,000. This amount is in addition to the corporate G&A previously paid during FY 1998 under this contract at the ceiling rate of 3.3%. The $300,000 will be paid in two installments. The first installment of $150,000 will be paid on or about June 1, 1999 and the second installment of $150,000 will be paid on or about September 1, 1999.

5. Clause H.33, **LIMITATION ON INDIRECT COSTS**, paragraph a is deleted in its entirety and replaced with the following.

a. Notwithstanding any other clause(s) of this contract, the Government shall not reimburse the Contractor for any indirect costs in excess of the indirect expense dollars derived for each of the Contractor's fiscal years by the application of the following indirect cost ceiling rates to the appropriate base outlined below. All indirect costs in excess of said amount(s) shall be borne by the Contractor.
