Welcome from the Equal Employment Opportunity Manager

Twice each year it is the responsibility of the Office of Civil Rights (OCR) to inform our management, employees, and interested communities of the workforce diversity within NNSA.

The mid-year report is a two-page snap shot of our Agency. This Year-End Report is much more comprehensive, as you will see in the report. Should you need different information, or a display of workforce diversity information in a different format, please give our office a call. As a customer service, we respond to special request report formats throughout the year.

In addition to the workforce diversity reports, the OCR has many responsibilities, and our contact information and program functions is included on this page. Finally, suggestions for the improvement of this report are welcome; please give our office a call.

Participation in the Y-12 workforce in the five-year period: "Low Percentage" indicates the year or years of lowest participation as a percentage of the total workforce. "High Percentage" indicates the year or years of highest participation as a percentage of the total Y-12 workforce.

	Year(s) - Low %	Year(s) - High %	2000 CLF
American Indian female*	N/A	N/A	0.32%

White male	2011 -- 57.3%	2007 -- 63.1%	39.03%

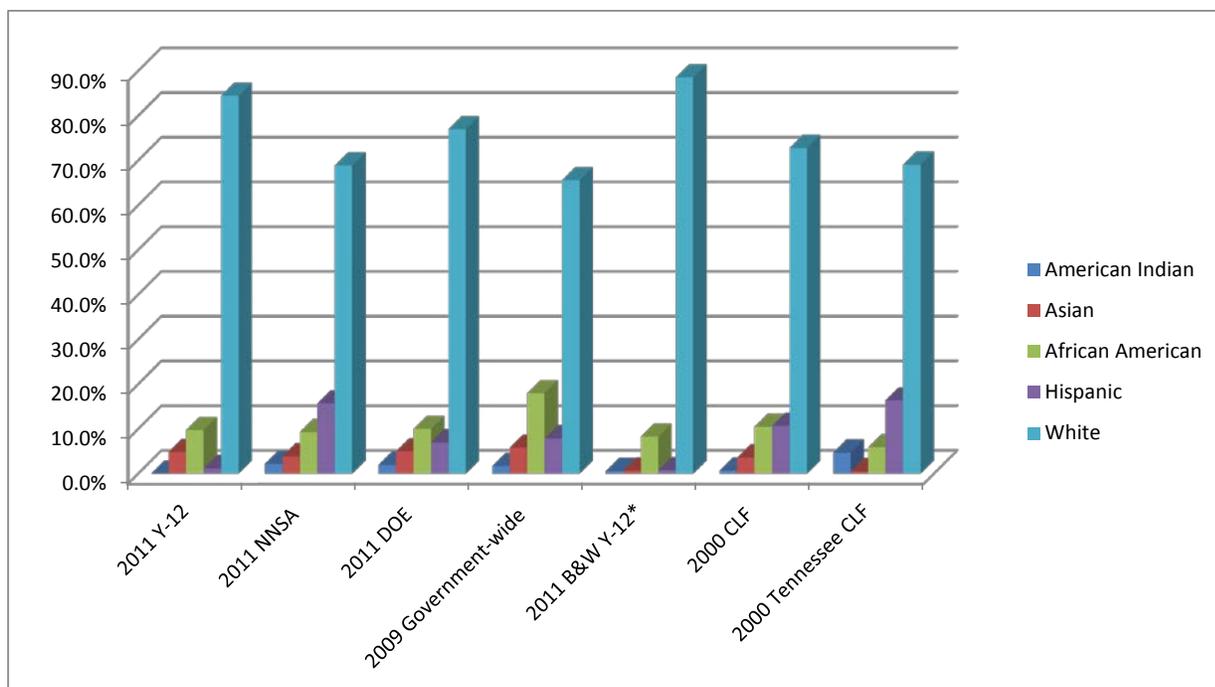

The importance of the above is to look at the Y-12 workforce as reflective of the Civilian Labor Force (CLF). As of this report, December 2011, the Census Bureau and EEOC had not yet released the 2010 CLF results from the 2010 Census.

Managing diversity seeks progress toward the CLF for those groups that would be under-represented when compared to the CLF. Example: Y-12 no American Indian females or males, or Hispanic males on board in the five-year period--all below CLF. No change in the on-board number for Asian males (above CLF); Asian female; Hispanic female; and White female for the years 2009, 2010, and 2011 -- all below the CLF.

Comparisons to Other Workforces and the Civilian Labor Force Y-12

The Charts on this page depict the workforce diversity of Y-12 compared to NNSA-wide; the Department of Energy (DOE) 2011; the 2009 Executive Branch of government (from www.EEOC.gov -- 2010 and 2011 figures not available at the time of this report, December 2011); and the 2000 Department of Labor's Civilian Labor Force (CLF) (2010 Census data not available at the time of this report, December 2011).

	American Indian	Asian	African American	Hispanic	White
2011 Y-12	0.0%	4.9%	9.8%	1.2%	84.5%
2011 NNSA	2.2%	3.9%	9.3%	15.7%	68.9%
2011 DOE	2.0%	5.0%	10.0%	7.0%	77.0%
2009 Government-wide	1.7%	5.8%	18.0%	7.9%	65.6%
2011 B&W Y-12*	0.6%	0.7%	8.3%	0.8%	88.6%
2000 CLF	0.7%	3.6%	10.5%	10.7%	72.8%
2000 Tennessee CLF	4.7%	0.5%	5.9%	16.4%	69.1%

Y-12 employee population participation as compared to other workforces (above, below, or equal to):

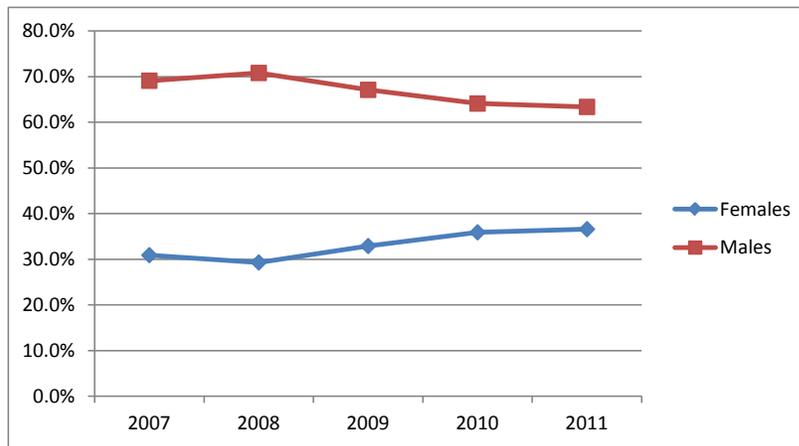

- American Indian participation is **below** all comparators, with no on-board American Indian employees in FY 2011 (or in the five-year period of analysis, 2007 -2011).
- Asian participation is **above** NNSA-wide; 2011 B&W; 2000 CLF; and the 2000Tennessee CLF. **Below** 2011 DOE-wide and 2009 federal government-wide.
- African American participation is **above** 2011 NNSA-wide; 2011 B&W; and the 2000 Tennessee CLF. **Below** 2011 DOE-wide; 2009 federal government-wide; and the 2000 CLF.
- Hispanic participation is **below** NNSA-wide; DOE; federal government; the 2000 CLF; and the 2000 Tennessee CLF. **Above** 2011 B&W.
- White participation is **above** NNSA; DOE-wide; federal government; 2000 CLF and 2000 Tennessee CLF. **Below** the 2011 B&W population.

The **above/below** comparison is intended to give managers and supervisors participation rates by various groups, so that when a vacancy is anticipated, the managers and supervisors can work with the Office of Human Capital Management; or the Diversity and Outreach Manager, to increase recruitment, and broaden the applicant pool, for the vacancy.

*B&W also has 0.2% Hawaiian; and 0.8% Two or More Race/Ethnicity

**Future Leader's Program (FLP)
Student Career Experience Program (SCEP)
Minority Serving Institutions Program (MSI)**

NNSA-wide, planning for the future of our workforce, the organization is utilizing the NNSA Future Leader's Program (FLP), implemented in 2005; and the Student Career Experience Program (SCEP), implemented in 2007, to recruit, hire, train and develop these employees for career positions with NNSA.

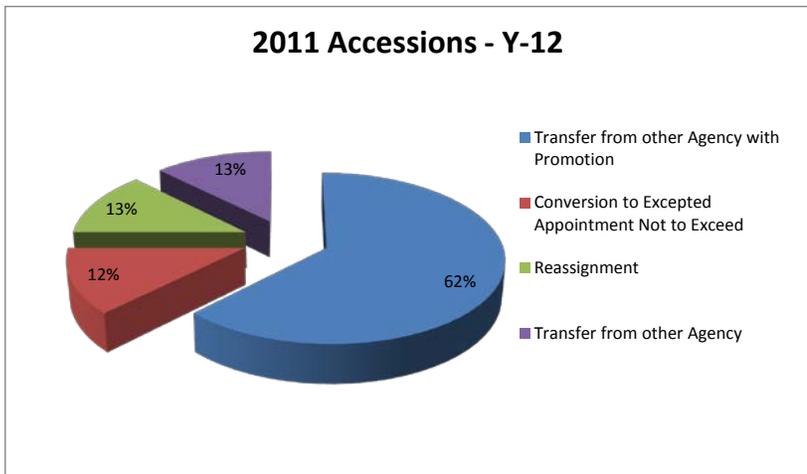

Minority Serving Institutions Program

The MSI Internship Program allows participants a way to explore a future career. In FY 2011 NNSA had 43 MSI Interns. The program combines participant studies with on-the-job training and experience directly related to their academic program, enabling the participant to make more informed career choices in the future. For 10 weeks during the summer, participants have the opportunity to work on exciting projects at NNSA's laboratories, Federal field offices or with our small business partners. Many of our MSI interns with science, technology, engineering or mathematics backgrounds work in research environments with the nation's top scientists and engineers. See the Appendix for a listing of the current participating MSI's. More information on the NNSA MSI Internship Program is available at <http://nnsa.energy.gov/federalemployment/applyforourjobs/howtoapply/studentvacancies/msivacancies>

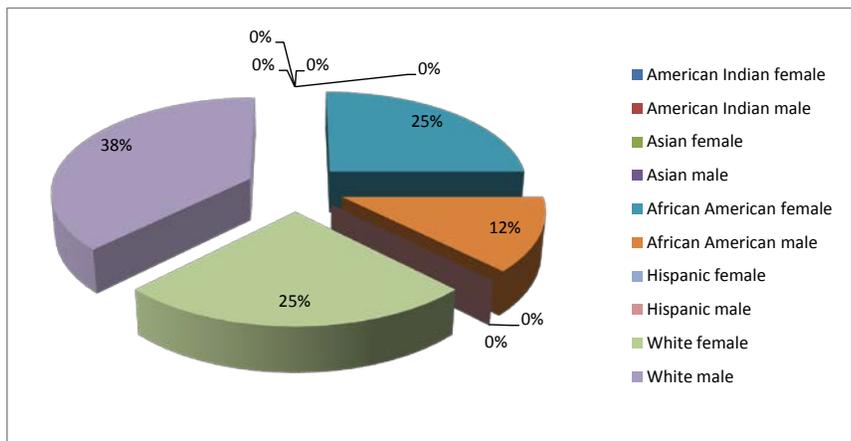

**Y-12

Comparing accessions to separations, and to the Civilian Labor Force provides the opportunity to address the full participation in the workforce of the various groups. See pages 4 and 7 of this report for comparison percentages, most notably the CLF for a particular group. Work force diversity management seeks to ensure that current underrepresented groups do not have separations exceeding accessions.

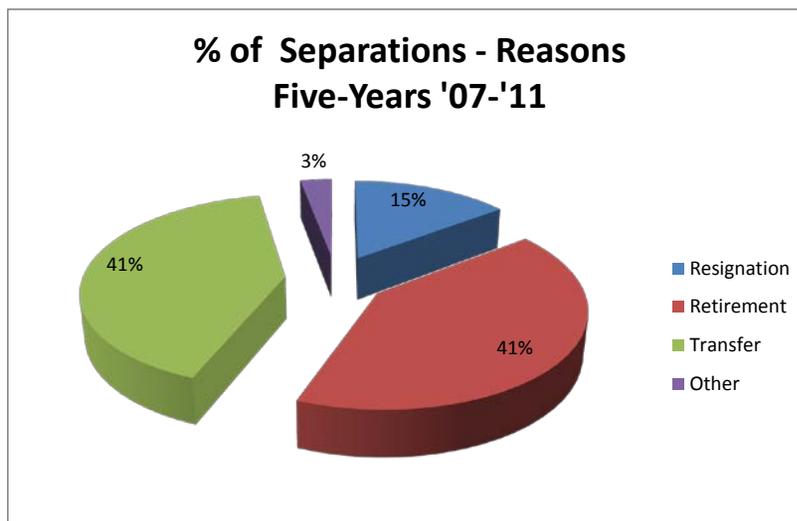

**Y-12

MEMORANDUM FOR HEADS OF DEPARTMENTAL ELEMENTS

FROM: STEVEN CHU 

SUBJECT: Equal Employment Opportunity and Diversity
Policy Statement

The Department of Energy's mission is critical to our Nation's success. We are charged with advancing our country's national and energy security, and harnessing science to solve our energy and climate change problems. Maximizing our impact, a key to our continued success – and to America's prosperity in the 21st century – lies in our ability to attract, retain, and nurture the best and the brightest from all walks of life. The DOE management principle, "We will treat our people as our greatest asset," is a principle all DOE employees should carry out every day.

To this end, I expect all Department and contractor employees to fully embrace the concepts of equal employment opportunity (EEO) and diversity in the workplace. Equal employment opportunity means that applicants and employees are not subject to prohibited discrimination in any aspect of employment. Prohibited discrimination includes discrimination or reprisal on the basis of race, color, sex, religion, national origin, age, disability (physical or mental), sexual orientation, parental status, or protected genetic information. EEO mandates that all employment-related decisions be based on merit and not on prohibited discriminatory factors. Prohibited discrimination is not tolerated at the Department of Energy and appropriate corrective and/or disciplinary action will be taken where it is found to have occurred.

At DOE, diversity is more than just an abstract concept and goes beyond compliance with EEO requirements. Rather, diversity is a core value and strategic business imperative. It is an important consideration in every aspect of what we do.

Together, we foster a culture of inclusion, mutual trust, and respect. This allows all employees equal opportunities to achieve their full potential. As long as we continue to embrace the concepts of EEO and diversity, I believe that the Department will continue to maintain its world-class status and position itself more effectively to accomplish the important mission entrusted to us by the American people.
