2009 NMMSS USERS MEETING

The Nuclear Materials Management and Safeguards System (NMMSS) 2009 Users Annual Training Meeting will be held in Denver, Colorado, May 19-21, 2009. The NMMSS serves a critical role in the U.S. Government's ability to maintain operational awareness of the inventory, status, and whereabouts of nuclear materials.

The 2009 meeting is organized and hosted jointly by the Department of Energy (DOE) and the Nuclear Regulatory Commission (NRC). The main objectives of the 2009 meeting are to:

- Present up-to-date information on NMMSS developments and enhancements.
- Discuss regulatory drivers, reporting requirements, and potential impacts on NRC licensees and DOE contractors.
- Provide system training and orientation.
- Facilitate exchange of ideas and solutions to streamline and improve system performance.

Please visit http://www.nmmss2009.gov for detailed information and instructions for Meeting Registration, Hotel Accommodations, Preliminary Agenda, and other topics of interest.

The meeting will be held at the Marriott Denver City Center, 1701 California Street, Denver, Colorado 80202, (303) 297-1300. Registration deadline is April 30, 2009.

SAMS v5.1

Copies of the current SAMS software are available by surface mail, upon request. Please contact Deborah Larabay at DOE, 301-903-6148, or deborah.larabay@hq.doe.gov.

NUCLEAR REGULATORY COMMISSION'S FINAL RULE IS PUBLISHED

On January 1, 2009, a new NRC rule became effective. Any NRC licensee, who possesses a gram or more of plutonium or U-235 contained in enriched uranium, is required to report their physical inventory to NMMSS by March 31st of each year. The licensees are also required to reconcile their inventory with the NMMSS database.

A copy of this new NRC rule may be found at:
http://edocket.access.gpo.gov/2008/pdf/E8-12830.pdf

Inventories are to be reported to NMMSS through the use of the Material Balance Report (DOE/NRC Form-742) and the Physical Inventory Listing (DOE/NRC Form-742C). Both forms are found on the NMMSS website at:
www.hss.energy.gov/nmmss; under Info, Sample Forms.

Transaction and Inventory Due Dates for DOE Sites

Reporting Month	Transactions Due	Inventory Due
January 2009	February 10	February 16
February 2009	March 11	March 16
March 2009	April 10	April 15
April 2009	May 12	May 15
May 2009	June 10	June 15
