NNS-H-1022 LIMITATIONS ON SUBCONTRACTING COMPLIANCE AND REPORTING REQUIREMENTS -- SERVICES (NOV 2009)

(a) Small Business Set-aside Prime Contractor Requirement: This clause is applicable to the small business set-aside prime Contractor required to perform a certain percentage of work with its own employees or, in the case of supplies, a percentage of the cost of manufacturing in accordance with the requirements set forth in 13 CFR 125.6 'Prime Contractor Performance Requirements - Limitations on Subcontracting' and FAR 52.219-14 'Limitations on Subcontracting'.

(b) Service Contracts: Where a small business set-aside prime Contractor must meet the applicable percentage of work requirement as identified in FAR 52.219-14(b)(1), the contract type determines which computational method to apply as follows:

(1) Indefinite Delivery/ Indefinite Quantity (IDIQ) contracts: The Contractor shall submit a semi-annual report to the Contracting Officer documenting compliance with FAR 52.219-14(b)(1) and/or 13 CFR 124.510(c) demonstrating that it has performed the required percentage of costs for the total of all combined orders issued to that date. If the required percentage is not being met, the Contractor shall include, with the semiannual report, a plan to meet the required percentage before the contract end date.

(2) Contracts other than IDIQ: The Contractor shall submit a semi-annual report to the Contracting Officer documenting compliance with FAR 52.219-14(b)(1). If the required percentage is not being met, the Contractor shall also include, with the semiannual report, a plan to meet the required percentage before the contract end date.

(c) Instructions for Calculation of the Cost of Contract Performance Incurred for Personnel in Accordance with 'Limitations on Subcontracting': (FAR 52.219-14) - Services: When the work in this contract is identified as 'Services (except construction)' in accordance with FAR 52.219-14(b)(1), the small business prime Contractor shall utilize the following computational steps/instructions to determine whether the small business prime Contractor meets the applicable percentage of cost incurred for personnel with its own employees.

(1) Identify what parts of the project will be performed by small business prime Contractor employees and the related cost for each part. Provide and illustrate the calculation for Cost of Contract Performance Incurred for Prime Personnel, in accordance with the definitions below:

(i) "Cost of Contract Performance Incurred for Prime Personnel" includes fully burdened prime labor cost (direct labor and all indirect costs applied to direct labor - e.g., fringe, labor overhead, and G&A). All other direct costs (material, travel, ODCs, subcontracts, consultants, etc.) and "below the cost line" mark-ups -- such as profit and gross receipts tax -- are excluded.

(ii) "Cost of Contract Performance Incurred for Subcontractor/Consultant Personnel" includes fully burdened subcontractor labor (direct labor and all indirect costs applied to direct labor - e.g., fringe, labor overhead, and G&A) and consultant labor cost. All other direct costs (material, travel, ODCs, tiered subcontracts, tiered consultants, etc.) and "below the cost line" mark-ups -- such as profit and gross receipts tax -- are excluded. NOTE: Tiered subcontract(s) fully-burdened labor costs and tiered consultant labor costs should be computed in the same manner.

(iii) "Total Cost of Contract Performance Incurred for Personnel" means the total fully burdened labor cost for prime and subcontractor(s)/consultant personnel. (c)(1)(i) + (c)(1)(ii)

(iv) "Percent of Cost of Contract Performance Incurred by Prime Personnel" is calculated by dividing the above defined cost of "Cost of Contract Performance Incurred for Prime Personnel" by the "Total Cost of Contract Performance Incurred for Personnel" and multiplying the result by 100."

(2) Use a format similar to the following to identify and calculate "Cost of Contract Performance Incurred for Prime Personnel". Refer to the definitions above pertaining to "Cost of Contract Performance Incurred by Prime Personnel", "Total Cost of Contract Performance Incurred for Personnel" and "Percent of Cost of Contract Performance Incurred for Prime Personnel."

Clearly describe the Work to be Performed by Prime Personnel:

Show Calculation of the Cost of Contract Performance Incurred for Personnel:

1. Fully-burdened Prime Labor Cost: = \$_____
2. Fully-burdened Subcontractor(s)/Consultant(s) Labor Cost: = \$_____
3. Total Fully-burdened Labor Cost (line 1 + line 2): = \$_____
4. Percentage of Contract Performance Incurred by Prime Personnel: = (line 1 / line 3) * 100 = _____%

NNS-H-1025 NONDISPLACEMENT OF QUALIFIED WORKERS (JAN 2009) (TAILORED)

(a) Consistent with the efficient performance of this contract, the contractor and its subcontractors shall, except as otherwise provided herein, in good faith offer those employees (other than managerial and supervisory employees) employed under the predecessor contract whose employment will be terminated as a result of award of this contract or the expiration of the contract under which the employees were hired, a right of first refusal of employment under this contract in positions for which employees are qualified. The contractor and its subcontractors shall determine the number of employees necessary for efficient performance of this contract and may elect to employ fewer employees than the predecessor contractor employed in connection with performance of the work. Except as provided in paragraph (b) there shall be no employment opening under this contract, and the contractor and any subcontractors shall not offer employment under this contract, to any person prior to having complied fully with this obligation. The contractor and its subcontractors shall make an express offer of employment to each employee as provided herein and shall state the time within which the employee must accept such offer, but in no case shall the period within which the employee must accept the offer of employment be less than 10 days.

(b) Notwithstanding the obligation under paragraph (a) above, the contractor and any subcontractors (1) may employ under this contract any employee who has worked for the contractor or subcontractor for at least 3 months immediately preceding the commencement of this contract and who would otherwise face lay-off or discharge, (2) are not required to offer a right of first refusal to any employee(s) of the predecessor contractor who are not service employees within the meaning of the Service Contract Act of 1965, as amended, 41 U.S.C. 357(b), and (3) are not required to offer a right of first refusal to any employee(s) of the predecessor contractor whom the contractor or any of its subcontractors reasonably believes, based on the particular employee's past performance, has failed to perform suitably on the job.

(c) In accordance with Federal Acquisition Regulation 52.222-41(n), the contractor shall, not less than 10 days before completion of this contract, furnish the Contracting Officer a certified list of the names of all service employees working under this contract and its subcontracts during the last month of contract performance. The list shall also contain anniversary dates of employment of each service employee under this contract and its predecessor contracts either with the current or predecessor contractors or their subcontractors. The Contracting Officer will provide the list to the successor contractor, and the list shall be provided on request to employees or their representatives.

(d) If it is determined, pursuant to regulations issued by the Secretary of Labor (Secretary), that the contractor or its subcontractors are not in compliance with the requirements of this clause or any regulation or order of the Secretary, appropriate sanctions may be imposed and remedies invoked against the contractor or its subcontractors, as provided in Executive Order (No.) 13495, the regulations, and relevant orders of the Secretary, or as otherwise provided by law.

(e) In every subcontract entered into in order to perform services under this contract, the contractor will include provisions that ensure that each subcontractor will honor the requirements of paragraphs (a) through (b) with respect to the employees of a predecessor subcontractor or subcontractors working under this contract, as well as of a predecessor contractor and its subcontractors. The subcontract shall also include provisions to ensure that the subcontractor will provide the contractor with the information about the employees of the subcontractor needed by the contractor to comply with paragraph 5(c), above. The contractor will take such action with respect to any such subcontract as may be directed by the Secretary as a means of enforcing such provisions, including the imposition of sanctions for non-compliance: provided, however, that if the contractor, as a result of such direction, becomes involved in litigation with a subcontractor, or is threatened with such involvement, the contractor may request that the United States enter into such litigation to protect the interests of the United States.

**NNS-H-1026 PAYMENTS FOR DOMESTIC EXTENDED PERSONNEL ASSIGNMENTS (FEB 2013)
(TAILORED)**

(a) Definition. For purposes of this clause, 'domestic extended personnel assignments' are defined as any assignment of contractor personnel to a domestic location different than their normal duty station for a period expected to exceed 30 consecutive calendar days.

(b) For domestic extended personnel assignments, the Contractor shall be reimbursed the lesser of temporary relocation costs (Temporary Change of Station allowances as described in the Federal Travel Regulation at §302-3.400-§302-3.429) or a reduced per diem (Extended Travel Duty) described below.

(1) When a reduced per diem method (Extended Travel Duty) is utilized, the allowances are as follows:

(i) For the first 60 days and last 30 days of the assignment, the Government will reimburse costs associated with lodging at the lesser of actual cost or 100% of the Federal per diem rate at the assignment location. The intervening days lodging will be reimbursed at the lesser of actual cost or 55% of Federal per diem.

(ii) For the first 30 days and last 30 days of the assignment, the Government will reimburse costs associated with meals and incidental expenses (M&IE) at the lesser of actual cost or 100% of the Federal per diem rate at the assignment location. Otherwise, the Government will reimburse these costs at the lesser of actual cost or 55% of Federal per diem.

(2) The Government will not reimburse any costs associated with per diem (except for en-route travel) unless the contractor employee maintains a residence at the permanent duty station.

(3) The Government will not reimburse costs associated with salary premiums, per diem, or lodging/other subsidies for contractor employees on domestic extended personnel assignments after 3 years (except for the reimbursements described above during the last 30 days of the assignment).

(i) If an assignment has breaks within a three year period, the calculation of the total length of the assignment will be as follows:

If the break between assignments is less than 12 months, the Government will consider the assignment continuous for purposes of the three year clock. For instance, if a contractor employee completes a 2 year assignment at location A and returns to his permanent duty station for 12 months, a subsequent new 2 year assignment back to location A will restart the 3 year clock. The assignments will be considered two separate 2 year assignments. On the other hand, if in the previous example the employee's return to his permanent duty station was 6 months, the Government would consider the second assignment to be a continuation of the first and it would be inconsistent with the three year rule.

(4) The Government will not reimburse costs associated with salary premiums that exceed 10%.

(5) The Contractor shall include the substance of this clause in all subcontracts in which travel will be reimbursed at cost.

(End of clause)

Applies to Cost-Plus-Award-Fee CLIN(s), Cost CLIN(s) only.

NNS-H-1042 PYRAMIDING OF FEE (OCT 2013)

Pyramiding of fee/profit is expressly unallowable. Specifically, the prime Contractor's fee allocation base (both award fee and performance incentive fee) shall exclude all other team members' fee/profit. FAR Subpart 9.601 defines "Contractor team arrangement" as an arrangement where:

(a) Two or more companies form a partnership or joint venture to act as a potential prime contractor; or,

(b) A potential prime contractor agrees with one or more other companies to have them act as its subcontractors under a specified Government contract or acquisition program.

(End of clause)

NNS-H-1043 TIME AND MATERIALS (T&M)/LABOR HOUR SUBCONTRACTS (OCT 2013)

All T&M/Labor Hour subcontracted effort shall be removed from the contractor's available fee base/pool. Within 15 days of each award fee period, the Contractor shall provide a reconciliation of all amounts invoiced to the Government for any T&M/Labor Hour subcontracts performed under this contract.

The available award fee pool shall be reduced proportionately for all T&M/Labor hour effort invoiced during the period. For example, if the total invoiced T&M/Labor Hour subcontracted effort for the period represents five percent (5%) of the total amount invoiced for the period (both subcontracted and prime contractor effort), the total available award fee pool for the period shall be reduced five percent, rounded to the nearest dollar.

NNS-H-1045 ACCOUNTING SYSTEM REVIEW (NOV 2013)

In the event the awardee's accounting system has not been audited previously by the federal Government to determine adequacy for determining costs applicable to a cost-reimbursement contract, an initial Contracting Officer determination of adequacy shall be made based on the Contractor's completion of Standard Form 1408, Preaward Survey of Prospective Contractor Accounting System. After award, the Government will perform an audit/review of the Contractor's accounting system. The audit may be performed by the Defense Contract Audit Agency (DCAA) or an independent auditor at the Government's discretion. If the post award accounting system review results in a determination that the contractor's accounting system is inadequate for determining costs applicable to the contract as required by FAR 16.301-3, the Contracting Officer, at his or her sole discretion, may temporarily withhold a portion or all of the amounts invoiced until such time that the Contracting Officer has determined to his/her full satisfaction that the contractor's accounting system is adequate and that the withheld amounts are allowable, allocable, and reasonable in accordance with the contract terms. The Government may conduct additional periodic audits as necessary throughout contract performance to verify continued adequacy of the accounting system and allowability of costs. Nothing in this clause shall be construed as limiting the remedies available to the Government.

The Contractor is responsible for complying with all permits, licenses, certifications, authorizations and approvals from federal, state, and local regulatory agencies that are necessary for operations under this contract (hereinafter referred to collectively as 'permits'). Except as specifically provided in the section and to the extent not prohibited by law or cognizant regulatory authority, the Contractor (or, if applicable, its subcontractors) will be the sole applicant for any such permits required for its activities. The Contractor must take all appropriate actions to obtain transfer of existing permits, and DOE will use all reasonable means to facilitate transfer of existing permits. If DOE determines it is appropriate or if DOE is required by cognizant regulatory authority to sign permit applications, DOE may elect to sign as owner or similar designation, but the Contractor (or, if applicable, its subcontractors) must also sign as operator or similar designation reflecting its responsibility under the permit unless DOE waives this requirement in writing.

(b) The Contractor must submit for DOE's review and comment all permit applications, reports or other documents required to be submitted to cognizant regulatory authorities. Such draft documents must be provided to DOE within a time frame, identified by DOE, sufficient to allow DOE substantive review and comment; and DOE will perform such substantive review and comment within such time frame. When providing DOE with documents that are to be signed or co-signed by DOE, the Contractor will accompany such document with a certification statement, signed by the appropriate Contractor corporate officer, attesting to DOE that the document has been prepared in accordance with all applicable requirements and the information is, to the best of its knowledge and belief, true, accurate, and complete.

Prior to revising the list, the Contracting Officer shall notify the Contractor in writing of the Government's intent to revise the list and provide the Contractor with the opportunity to assess the effect of the Contractor's compliance with the revised list on contract cost and funding, technical performance, and schedule; and identify any potential inconsistencies between the revised list and the other terms and conditions of the contract. Within 30 days after receipt of the Contracting Officer's notice, the Contractor shall advise the Contracting Officer in writing of the potential impact of the Contractor's compliance with the revised list. Based on the information provided by the Contractor and any other information available, the Contracting Officer shall decide whether to revise the list and so advise the Contractor not later than 30 days prior to the effective date of the revision of the list. The Contractor and Contracting Officer shall identify and, if appropriate, agree to any changes to other contract terms and conditions, including cost and schedule, associated with the revision of the list pursuant to the applicable "Changes" clause of this contract.

NNS-H-2022 STOP-WORK AND SHUTDOWN AUTHORIZATION (OCT 2013)

(a) Imminent Health and Safety Hazard: This is a given condition or situation which, if not immediately corrected, could result in a serious injury or death, including exposure to radiation and toxic/hazardous chemicals. Imminent Danger in relation to the Facility Safety Envelope is a condition, situation, or proposed activity which, if not terminated, could cause, prevent mitigation of, or seriously increase the risk of (1) Nuclear Criticality, (2) Radiation Exposure, (3) Fire/Explosion, and/or (4) Toxic Hazardous Chemical Exposure.

(b) Stop Work: In the event of an imminent health and safety hazard, identified by facility line management or operators or facility health and safety personnel over-viewing facility operations, or other individuals, the individual or group identifying the imminent hazard situation shall immediately take actions

to eliminate or mitigate the hazard (i.e., by directing the operator/implementer of the activity or process causing the imminent hazard to stop work, or by initiating emergency response actions or other actions) to protect the health and safety of the workers and the public and to protect NNSA facilities and the environment. In the event an imminent health and safety hazard is identified, the individual or group identifying the hazard should coordinate with an appropriate Contractor official, who will direct the shutdown or other actions as required. Such mitigating action should subsequently be coordinated with the Nevada Field Office (NFO) Site Manager and Contractor management.

(c) Shutdown: In the event of an imminent danger in relation to the Facility Safety Envelope or a non-imminent health and safety hazard identified by facility line managers, facility operators, health and safety personnel over-viewing facility operations, or by independent oversight organizations, the individual or group identifying the potential health and safety hazard may recommend facility shutdown in addition to any immediate actions needed to mitigate the situation. However, the recommendation must be coordinated with Contractor management, and the NFO Site Manager. Any written direction to suspend operations shall be issued by the Contracting Officer, pursuant to FAR Clause 52.242-15.

(d) Facility Representatives: NFO personnel designated as Facility Representatives (FR) provide the technical oversight of operations. The FR has the authority to "stop work," which applies to the shutdown of an entire plant, activity, or job. This stop work authority will be used for an operation of facility which is performing work the FR believes:

(1) Poses an imminent danger to health and safety of workers or public if allowed to continue;

(2) Could adversely affect the safe operation of, or could cause serious damage to the facility if allowed to continue; or

(3) Could result in the release of radiological or chemical hazard to the environment in excess of regulatory limits.

Fee under this contract is earned through annual award fee evaluations and the achievement of performance incentive objectives. Payment of each of type of fee is discussed below:

(a) Award Fee: The contractor may invoice for earned award fee only after the end of the evaluation period and upon the Fee Determination Officials (FDO) decision regarding the amount of award fee earned for that period in accordance with the Performance-Based Award Fee Plan in Section J, Attachment 3. Provisional payment of award fee will not be made under this contract.

(b) Performance Incentive Fee: The contractor may invoice for earned performance incentive fee upon the Contractor's successful completion (as determined by the Contracting Officer) of each performance milestone or objective defined in the applicable Performance-Based Incentive Fee Plan in Section J, Attachment 3.

NNS-H-2024 ANNUAL TASK PLANS (NOV 2013)

(a) All contract performance, including specific project tasks within the scope of this contract, and the associated annual budget shall be identified and scheduled in annual Task Plans (TPs), which shall be issued by the Contracting Officer (CO) in writing. Once the TP is approved, the contractor is obligated to comply with the requirements and budget of the TP.

(b) By August 1st of each contract year, the contractor shall submit to the CO and the Contracting Officer's Representative (COR) a proposed annual TP to cover the following contract year. The proposed TP shall be based on direction from the COR and/or CO and shall include, or be accompanied by, the following information:

- (2) The applicable work breakdown structure numerical designations and titles;
- (3) Reporting levels and/or control account levels;
- (4) Proposed milestones, performance metrics, and deliverables
- (5) A proposed Primavera P6 Professional schedule for the proposed TP SOW; and
- (6) A proposed budget and cost estimate for the proposed TP PWS, including a basis of

estimate.

(c) The CO and COR will review the proposed TP and discuss any changes to the proposed TP with the contractor. The Parties will attempt in good faith to agree on a final TP, and once agreed upon, the Contracting Officer will sign the TP. In the event the Parties do not reach agreement prior to the beginning of the next contract year, the CO may issue the TP unilaterally. Once the TP has been approved and issued by the CO, modifications to the TP may be made only in writing by the CO.

(d) If at any time throughout the contract period, the contractor expects to exceed the total estimated ceiling of an approved TP, a request for modification with documentation justifying the increase in ceiling cost shall be submitted by the contractor to the COR and the CO for approval. The modification must be executed by the CO in writing prior to the contractor incurring additional costs.

(e) Performance under TPs is subject to the "Implementation of Limitation of Funds" clause at NNS-B-1001, the Limitation of Funds Clause at 52.232-22, and all other terms, conditions, and other requirements of the contract. Additionally, the requirements of this clause (NNS-H-1031) apply notwithstanding anything to the contrary in NSO O 410.XC or its successor.

A. FEDERAL ACQUISITION REGULATION CONTRACT CLAUSES IN FULL TEXT

52.202-1 DEFINITIONS (DEVIATION) (NOV 2013)

(a) When a solicitation provision or contract clause uses a word or term that is defined in the Federal Acquisition Regulation (FAR), the word or term has the same meaning as the definition in FAR 2.101 in effect at the time the solicitation was issued, unless--

- (1) The solicitation, or amended solicitation, provides a different definition;
- (2) The contracting parties agree to a different definition;
- (3) The part, subpart, or section of the FAR where the provision or clause is prescribed provides a different meaning; or
- (4) The word or term is defined in FAR Part 31, for use in the cost principles and procedures.

(b) When a solicitation provision or contract clause uses a word or term that is defined in the Department of Energy Acquisition Regulation (DEAR) (48 CFR chapter 9), the word or term has the same meaning as the definition in 48 CFR 902.101 or the definition in the part, subpart, or section of 48 CFR chapter 9 where the provision or clause is prescribed in effect at the time the solicitation was issued, unless an exception in (a) applies.

(End of clause)

52.203-16 PREVENTING PERSONAL CONFLICTS OF INTEREST (DEC 2011)

(a) Definitions. As used in this clause--

Acquisition function closely associated with inherently governmental functions means supporting or providing advice or recommendations with regard to the following activities of a Federal agency:

- (1) Planning acquisitions.
- (2) Determining what supplies or services are to be acquired by the Government, including developing statements of work.
- (3) Developing or approving any contractual documents, to include documents defining requirements, incentive plans, and evaluation criteria.

(4) Evaluating contract proposals.

(5) Awarding Government contracts.

(6) Administering contracts (including ordering changes or giving technical direction in contract performance or contract quantities, evaluating contractor performance, and accepting or rejecting contractor products or services).

(7) Terminating contracts.

(8) Determining whether contract costs are reasonable, allocable, and allowable.

Covered employee means an individual who performs an acquisition function closely associated with inherently governmental functions and is--

(1) An employee of the contractor; or

(2) A subcontractor that is a self-employed individual treated as a covered employee of the contractor because there is no employer to whom such an individual could submit the required disclosures.

Non-public information means any Government or third-party information that--

(1) Is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552) or otherwise protected from disclosure by statute, Executive order, or regulation; or

(2) Has not been disseminated to the general public and the Government has not yet determined whether the information can or will be made available to the public.

Personal conflict of interest means a situation in which a covered employee has a financial interest, personal activity, or relationship that could impair the employee's ability to act impartially and in the best interest of the Government when performing under the contract. (A de minimis interest that would not "impair the employee's ability to act impartially and in the best interest of the Government" is not covered under this definition.)

(1) Among the sources of personal conflicts of interest are--

(i) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household;

(ii) Other employment or financial relationships (including seeking or negotiating for prospective employment or business); and (iii) Gifts, including travel.

(2) For example, financial interests referred to in paragraph (1) of this definition may arise from--

(i) Compensation, including wages, salaries, commissions, professional fees, or fees for business referrals;

(ii) Consulting relationships (including commercial and professional consulting and service arrangements, scientific and technical advisory board memberships, or serving as an expert witness in litigation);

(iii) Services provided in exchange for honorariums or travel expense reimbursements;

- (iv) Research funding or other forms of research support;
- (v) Investment in the form of stock or bond ownership or partnership interest (excluding diversified mutual fund investments);
- (vi) Real estate investments;
- (vii) Patents, copyrights, and other intellectual property interests; or
- (viii) Business ownership and investment interests.

(b) Requirements. The Contractor shall--

(1) Have procedures in place to screen covered employees for potential personal conflicts of interest, by--

(i) Obtaining and maintaining from each covered employee, when the employee is initially assigned to the task under the contract, a disclosure of interests that might be affected by the task to which the employee has been assigned, as follows:

(A) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household.

(B) Other employment or financial relationships of the covered employee (including seeking or negotiating for prospective employment or business).

(C) Gifts, including travel; and

(ii) Requiring each covered employee to update the disclosure statement whenever the employee's personal or financial circumstances change in such a way that a new personal conflict of interest might occur because of the task the covered employee is performing.

(2) For each covered employee--

(i) Prevent personal conflicts of interest, including not assigning or allowing a covered employee to perform any task under the contract for which the Contractor has identified a personal conflict of interest for the employee that the Contractor or employee cannot satisfactorily prevent or mitigate in consultation with the contracting agency;

(ii) Prohibit use of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Obtain a signed non-disclosure agreement to prohibit disclosure of non-public information accessed through performance of a Government contract.

(3) Inform covered employees of their obligation--

(i) To disclose and prevent personal conflicts of interest;

(ii) Not to use non-public information accessed through performance of a Government contract for personal gain; and

(iii) To avoid even the appearance of personal conflicts of interest;

(4) Maintain effective oversight to verify compliance with personal conflict-of-interest safeguards;

(5) Take appropriate disciplinary action in the case of covered employees who fail to comply with policies established pursuant to this clause; and

(6) Report to the Contracting Officer any personal conflict-of-interest violation by a covered employee as soon as it is identified. This report shall include a description of the violation and the proposed actions to be taken by the Contractor in response to the violation. Provide follow-up reports of corrective actions taken, as necessary. Personal conflict-of-interest violations include--

(i) Failure by a covered employee to disclose a personal conflict of interest;

(ii) Use by a covered employee of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Failure of a covered employee to comply with the terms of a non-disclosure agreement.

(c) Mitigation or waiver.

(1) In exceptional circumstances, if the Contractor cannot satisfactorily prevent a personal conflict of interest as required by paragraph (b)(2)(i) of this clause, the Contractor may submit a request through the Contracting Officer to the Head of the Contracting Activity for--

(i) Agreement to a plan to mitigate the personal conflict of interest; or

(ii) A waiver of the requirement.

(2) The Contractor shall include in the request any proposed mitigation of the personal conflict of interest.

(3) The Contractor shall--

(i) Comply, and require compliance by the covered employee, with any conditions imposed by the Government as necessary to mitigate the personal conflict of interest; or

(ii) Remove the Contractor employee or subcontractor employee from performance of the contract or terminate the applicable subcontract.

(d) Subcontract flowdown. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts--

(1) That exceed \$150,000; and

(2) In which subcontractor employees will perform acquisition functions closely associated with inherently governmental functions (i.e., instead of performance only by a self-employed individual).

(End of clause)

(1) The non-public segment, into which Government officials and the Contractor post information, which can only be viewed by--

(i) Government personnel and authorized users performing business on behalf of the Government; or

(ii) The Contractor, when viewing data on itself; and

(2) The publicly-available segment, to which all data in the non-public segment of FAPIIS is automatically transferred after a waiting period of 14 calendar days, except for--

(ii) Information that was entered prior to April 15, 2011; or

(iii) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (c)(1) of this clause.

(1) If the Contractor asserts in writing within 7 calendar days, to the Government official who posted the information, that some of the information posted to the non-public segment of FAPIIS is covered by a disclosure exemption under the Freedom of Information Act, the Government official who posted the information must within 7 calendar days remove the posting from FAPIIS and resolve the issue in accordance with agency Freedom of Information procedures, prior to reposting the releasable information. The contractor must cite 52.209-9 and request removal within 7 calendar days of the posting to FAPIIS.

(2) The Contractor will also have an opportunity to post comments regarding information that has been posted by the Government. The comments will be retained as long as the associated information is retained, i.e., for a total period of 6 years. Contractor comments will remain a part of the record unless the Contractor revises them.

(3) As required by section 3010 of Pub. L. 111-212, all information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available.

(6) Storage.

(i) The Contractor shall store the property identified on an inventory disposal schedule pending receipt of disposal instructions. The Government's failure to furnish disposal instructions within 120 days following acceptance of an inventory disposal schedule may entitle the Contractor to an equitable adjustment for costs incurred to store such property on or after the 121st day.

(ii) The Contractor shall obtain the Plant Clearance Officer's approval to remove Government property from the premises where the property is currently located prior to receipt of final disposition instructions. If approval is granted, any costs incurred by the Contractor to transport or store the property shall not increase the price or fee of any Government contract. The storage area shall be appropriate for assuring the property's physical safety and suitability for use. Approval does not relieve the Contractor of any liability for such property under this contract.

(7) Disposition instructions.

(i) The Contractor shall prepare for shipment, deliver f.o.b. origin, or dispose of Contractor inventory as directed by the Plant Clearance Officer. Unless otherwise directed by the Contracting Officer or by the Plant Clearance Officer, the Contractor shall remove and destroy any markings identifying the property as U.S. Government-owned property prior to its disposal.

(ii) The Contracting Officer may require the Contractor to demilitarize the property prior to shipment or disposal. In such cases, the Contractor may be entitled to an equitable adjustment under paragraph (i) of this clause.

(8) Disposal proceeds. As directed by the Contracting Officer, the Contractor shall credit the net proceeds from the disposal of Contractor inventory to the contract, or to the Treasury of the United States as miscellaneous receipts.

(9) Subcontractor inventory disposal schedules. The Contractor shall require its Subcontractors to submit inventory disposal schedules to the Contractor in accordance with the requirements of paragraph (j)(3) of this clause.

(k) Abandonment of Government property.

(1) The Government shall not abandon sensitive property or termination inventory without the Contractor's written consent.

(2) The Government, upon notice to the Contractor, may abandon any nonsensitive property in place, at which time all obligations of the Government regarding such property shall cease.

(3) Absent contract terms and conditions to the contrary, the Government may abandon parts removed and replaced from property as a result of normal maintenance actions, or removed from property as a result of the repair, maintenance, overhaul, or modification process.

(4) The Government has no obligation to restore or rehabilitate the Contractor's premises under any circumstances; however, if Government-furnished property is withdrawn or is unsuitable for the intended use, or if other Government property is substituted, then the equitable adjustment under paragraph (i) of this clause may properly include restoration or rehabilitation costs.

(l) Communication. All communications under this clause shall be in writing.

(m) Contracts outside the United States. If this contract is to be performed outside of the United States and its outlying areas, the words "Government" and "Government-furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished," respectively.

B. DOE AND NNSA CONTRACT CLAUSES IN FULL TEXT

952.204-2 SECURITY (OCT 2013)

(a) Responsibility. It is the Contractor's duty to protect all classified information, special nuclear material, and other DOE property. The Contractor shall, in accordance with DOE security regulations and requirements, be responsible for protecting all classified information and all classified matter (including documents, material and special nuclear material) which are in the Contractor's possession in connection with the performance of work under this contract against sabotage, espionage, loss or theft. Except as otherwise expressly provided in this contract, the Contractor shall, upon completion or termination of this contract, transmit to DOE any classified matter or special nuclear material in the possession of the Contractor or any person under the Contractor's control in connection with performance of this contract. If retention by the Contractor of any classified matter is required after the completion or termination of the contract, the Contractor shall identify the items and classification levels and categories of matter proposed for retention, the reasons for the retention, and the proposed period of retention. If the retention is approved by the Contracting Officer, the security provisions of the contract shall continue to be applicable to the classified matter retained. Special nuclear material shall not be retained after the completion or termination of the contract.

(b) Regulations. The Contractor agrees to comply with all security regulations and contract requirements of DOE as incorporated into the contract.

(c) Definition of Classified Information. The term Classified Information means information that is classified as Restricted Data or Formerly Restricted Data under the Atomic Energy Act of 1954, or information determined to require protection against unauthorized disclosure under Executive Order 12958, Classified National Security Information, as amended, or prior executive orders, which is identified as National Security Information.

(d) Definition of Restricted Data. The term Restricted Data means all data concerning design, manufacture, or utilization of atomic weapons; production of special nuclear material; or use of special nuclear material in the production of energy, but excluding data declassified or removed from the Restricted Data category pursuant to 42 U.S.C. 2162 [Section 142, as amended, of the Atomic Energy Act of 1954].

(e) Definition of Formerly Restricted Data. The term "Formerly Restricted Data" means information removed from the Restricted Data category based on a joint determination by DOE or its predecessor agencies and the Department of Defense that the information-- (1) relates primarily to the military utilization of atomic weapons; and (2) can be adequately protected as National Security Information. However, such information is subject to the same restrictions on transmission to other countries or regional defense organizations that apply to Restricted Data.

(f) Definition of National Security Information. The term "National Security Information" means information that has been determined, pursuant to Executive Order 12958, Classified National Security Information, as amended, or any predecessor order, to require protection against unauthorized disclosure, and that is marked to indicate its classified status when in documentary form.

(g) Definition of Special Nuclear Material. The term "special nuclear material" means-- (1) plutonium, uranium enriched in the isotope 233 or in the isotope 235, and any other material which, pursuant to 42 U.S.C. 2071 [section 51 as amended, of the Atomic Energy Act of 1954] has been determined to be special nuclear material, but does not include source material; or (2) any material artificially enriched by any of the foregoing, but does not include source material.

(h) Access authorizations of personnel.

(1) The Contractor shall not permit any individual to have access to any classified information or special nuclear material, except in accordance with the Atomic Energy Act of 1954, and the DOE's regulations and contract requirements applicable to the particular level and category of classified information or particular category of special nuclear material to which access is required.

(2) The Contractor must conduct a thorough review, as defined at 48 CFR 904.401, of an uncleared applicant or uncleared employee, and must test the individual for illegal drugs, prior to selecting the individual for a position requiring a DOE access authorization.

(i) A review must-- verify an uncleared applicant's or uncleared employee's educational background, including any high school diploma obtained within the past five years, and degrees or diplomas granted by an institution of higher learning; contact listed employers for the last three years and listed personal references; conduct local law enforcement checks when such checks are not prohibited by state or local law or regulation and when the uncleared applicant or uncleared employee resides in the jurisdiction where the Contractor is located; and conduct a credit check and other checks as appropriate.

(ii) Contractor reviews are not required for an applicant for DOE access authorization who possesses a current access authorization from DOE or another Federal agency, or whose access authorization may be reapproved without a federal background investigation pursuant to Executive Order 12968, Access to Classified Information (August 4, 1995), Sections 3.3(c) and (d).

(iii) In collecting and using this information to make a determination as to whether it is appropriate to select an uncleared applicant or uncleared employee to a position requiring an access authorization, the Contractor must comply with all applicable laws, regulations, and Executive Orders, including those-- (A) governing the processing and privacy of an individual's information, such as the Fair Credit Reporting Act, Americans with Disabilities Act (ADA), and Health Insurance Portability and Accountability Act; and (B) prohibiting discrimination in employment, such as under the ADA, Title VII and the Age Discrimination in Employment Act, including with respect to pre- and post-offer of employment disability related questioning.

(iv) In addition to a review, each candidate for a DOE access authorization must be tested to demonstrate the absence of any illegal drug, as defined in 10 CFR 707.4. All positions requiring access authorizations are deemed testing designated positions in accordance with 10 CFR part 707. All employees possessing access authorizations are subject to applicant, random or for cause testing for use of illegal drugs. DOE will not process candidates for a DOE access authorization unless their tests confirm the absence from their system of any illegal drug.

(v) When an uncleared applicant or uncleared employee receives an offer of employment for a position that requires a DOE access authorization, the Contractor shall not place that individual in such a position prior to the individual's receipt of a DOE access authorization, unless an approval has been obtained from the head of the cognizant local security office. If the individual is hired and placed in the position prior to receiving an access authorization, the uncleared employee may not be afforded access to classified information or matter or special nuclear material (in categories requiring access authorization) until an access authorization has been granted.

(vi) The Contractor must maintain a record of information concerning each uncleared applicant or uncleared employee who is selected for a position requiring an access authorization. Upon request only, the following information will be furnished to the head of the cognizant local DOE Security Office.

A. The date(s) each Review was conducted;

B. Each entity that provided information concerning the individual;

C. A certification that the review was conducted in accordance with all applicable laws, regulations, and Executive Orders, including those governing the processing and privacy of an individual's information collected during the review;

D. A certification that all information collected during the review was reviewed and evaluated in accordance with the Contractor's personnel policies; and

E. The results of the test for illegal drugs.

(i) Criminal liability. It is understood that disclosure of any classified information relating to the work or services ordered hereunder to any person not entitled to receive it, or failure to protect any classified information, special nuclear material, or other Government property that may come to the Contractor or any person under the Contractor's control in connection with work under this contract, may subject the Contractor, its agents, employees, or Subcontractors to criminal liability under the laws of the United States (see the Atomic Energy Act of 1954, 42 U.S.C. 2011 et seq.; 18 U.S.C. 793 and 794).

(j) Foreign Ownership, Control, or Influence.

(1) The Contractor shall immediately provide the cognizant security office written notice of any change in the extent and nature of foreign ownership, control or influence over the Contractor which would affect any answer to the questions presented in the Standard Form (SF) 328, Certificate Pertaining to Foreign Interests, executed prior to award of this contract. In addition, any notice of changes in ownership or control which are required to be reported to the Securities and Exchange Commission, the Federal Trade Commission, or the Department of Justice, shall also be furnished concurrently to the Contracting Officer. Contractors are encouraged to submit this information through the use of the online tool at <https://foci.td.anl.gov>. When completed the Contractor must print and sign one copy of the SF 328 and submit it to the Contracting Officer.

(2) If a Contractor has changes involving foreign ownership, control, or influence, DOE must determine whether the changes will pose an undue risk to the common defense and security. In making this determination, DOE will consider proposals made by the Contractor to avoid or mitigate foreign influences.

(3) If the cognizant security office at any time determines that the Contractor is, or is potentially, subject to foreign ownership, control, or influence, the Contractor shall comply with such instructions as the Contracting Officer shall provide in writing to protect any classified information or special nuclear material.

(4) The Contracting Officer may terminate this contract for default either if the Contractor fails to meet obligations imposed by this clause or if the Contractor creates a foreign ownership, control, or influence situation in order to avoid performance or a termination for default. The Contracting Officer may terminate this contract for convenience if the Contractor becomes subject to foreign ownership, control, or influence and for reasons other than avoidance of performance of the contract, cannot, or chooses not to, avoid or mitigate the foreign ownership, control, or influence problem.

(k) Employment announcements. When placing announcements seeking applicants for positions requiring access authorizations, the Contractor shall include in the written vacancy announcement, a notification to prospective applicants that reviews, and tests for the absence of any illegal drug as defined in 10 CFR 707.4, will be conducted by the employer and a background investigation by the Federal government may be required to obtain an access authorization prior to employment, and that subsequent reinvestigations may be required. If the position is covered by the Counterintelligence Evaluation Program regulations at 10 CFR 709, the announcement should also alert applicants that successful completion of a counterintelligence evaluation may include a counterintelligence-scope polygraph examination.

(l) Flow down to subcontracts. The Contractor agrees to insert terms that conform substantially to the language of this clause, including this paragraph, in all subcontracts under its contract that will require subcontractor employees to possess access authorizations. Additionally, the Contractor must require such subcontractors to have an existing DOD or DOE facility clearance or submit a completed SF 328, Certificate Pertaining to Foreign Interests, as required in 48 CFR 952.204-73, Facility Clearance, and obtain a foreign ownership, control and influence determination and facility clearance prior to award of a subcontract. Information to be provided by a subcontractor pursuant to this clause may be submitted directly to the Contracting Officer. For purposes of this clause, Subcontractor means any subcontractor at any tier and the term "Contracting Officer" means the DOE Contracting Officer. When this clause is included in a subcontract, the term "Contractor" shall mean subcontractor and the term "contract" shall mean subcontract.

(End of clause)

952.242-70 TECHNICAL DIRECTION (DEC 2000)

(a) Performance of the work under this contract shall be subject to the technical direction of the DOE Contracting Officer's Representative (COR). The term "technical direction" is defined to include, without limitation:

(1) Providing direction to the Contractor that redirects contract effort, shift work emphasis between work areas or tasks, require pursuit of certain lines of inquiry, fill in details, or otherwise serve to accomplish the contractual Statement of Work.

(2) Providing written information to the Contractor that assists in interpreting drawings, specifications, or technical portions of the work description.

(3) Reviewing and, where required by the contract, approving, technical reports, drawings, specifications, and technical information to be delivered by the Contractor to the Government.

(b) The Contractor will receive a copy of the written COR designation from the Contracting Officer. It will specify the extent of the COR's authority to act on behalf of the Contracting Officer.

(c) Technical direction must be within the scope of work stated in the contract. The COR does not have the authority to, and may not, issue any technical direction that --

(1) Constitutes an assignment of additional work outside the Statement of Work;

(2) Constitutes a change as defined in the contract clause entitled "Changes;"

(3) In any manner causes an increase or decrease in the total estimated contract cost, the fee (if any), or the time required for contract performance;

(4) Changes any of the expressed terms, conditions or specifications of the contract; or

(5) Interferes with the Contractor's right to perform the terms and conditions of the contract.

(d) All technical direction shall be issued in writing by the COR.

(e) The Contractor must proceed promptly with the performance of technical direction duly issued by the COR in the manner prescribed by this clause and within its authority under the provisions of this clause. If, in the opinion of the Contractor, any instruction or direction by the COR falls within one of the categories defined in (c)(1) through (c)(5) of this clause, the Contractor must not proceed and must notify the Contracting Officer in writing within five (5) working days after receipt of any such instruction or

direction and must request the Contracting Officer to modify the contract accordingly. Upon receiving the notification from the Contractor, the Contracting Officer must:

(1) Advise the Contractor in writing within thirty (30) days after receipt of the Contractor's letter that the technical direction is within the scope of the contract effort and does not constitute a change under the Changes clause of the contract;

(2) Advise the Contractor in writing within a reasonable time that the Government will issue a written change order; or

(3) Advise the Contractor in writing within a reasonable time not to proceed with the instruction or direction of the COR.

(f) A failure of the Contractor and Contracting Officer either to agree that the technical direction is within the scope of the contract or to agree upon the contract action to be taken with respect to the technical direction will be subject to the provisions of the clause entitled "Disputes."

(End of clause)

952.250-70 NUCLEAR HAZARDS INDEMNITY AGREEMENT (DEVIATION) (JUN 1996)

(a) Authority. This clause is incorporated into this contract pursuant to the authority contained in subsection 170d. of the Atomic Energy Act of 1954, as amended (hereinafter called the Act.)

(b) Definitions. The definitions set out in the Act shall apply to this clause.

(c) Financial protection. Except as hereafter permitted or required in writing by DOE, the contractor will not be required to provide or maintain, and will not provide or maintain at Government expense, any form of financial protection to cover public liability, as described in paragraph (d)(2) below. DOE may, however, at any time require in writing that the contractor provide and maintain financial protection of such a type and in such amount as DOE shall determine to be appropriate to cover such public liability, provided that the costs of such financial protection are reimbursed to the contractor by DOE.

(d)

(1) Indemnification. To the extent that the contractor and other persons indemnified are not compensated by any financial protection permitted or required by DOE, DOE will indemnify the contractor and other persons indemnified against (i) claims for public liability as described in subparagraph (d)(2) of this clause; and (ii) such legal costs of the contractor and other persons indemnified as are approved by DOE, provided that DOE's liability, including such legal costs, shall not exceed the amount set forth in section 170d. of the Act, as that amount may be increased in accordance with section 170t., in the aggregate for each nuclear incident or precautionary evacuation occurring within the United States or \$500 million in the aggregate for each nuclear incident occurring outside the United States, irrespective of the number of persons indemnified in connection with this contract.

(2) The public liability referred to in subparagraph (d)(1) of this clause is public liability as defined in the Act which (i) arises out of or in connection with the activities under this contract, including transportation; and (ii) arises out of or results from a nuclear incident or precautionary evacuation, as those terms are defined in the Act.

(e)

(1) Waiver of Defenses. In the event of a nuclear incident, as defined in the Act, arising out of nuclear waste activities, as defined in the Act, the contractor, on behalf of itself and other persons indemnified, agrees to waive any issue or defense as to charitable or governmental immunity.

(2) In the event of an extraordinary nuclear occurrence which:

(i) Arises out of, results from, or occurs in the course of the construction, possession, or operation of a production or utilization facility; or

(ii) Arises out of, results from, or occurs in the course of transportation of source material, by-product material, or special nuclear material to or from a production or utilization facility; or

(iii) Arises out of or results from the possession, operation, or use by the contractor or a subcontractor of a device utilizing special nuclear material or by-product material, during the course of the contract activity; or

(iv) Arises out of, results from, or occurs in the course of nuclear waste activities, the contractor, on behalf of itself and other persons indemnified, agrees to waive:

(A) Any issue or defense as to the conduct of the claimant (including the conduct of persons through whom the claimant derives its cause of action) or fault of persons indemnified, including, but not limited to:

1. Negligence;

2. Contributory negligence;

3. Assumption of risk; or

4. Unforeseeable intervening causes, whether involving the conduct of a third person or an act of God;

(B) Any issue or defense as to charitable or governmental immunity; and

(C) Any issue or defense based on any statute of limitations, if suit is instituted within 3 years from the date on which the claimant first knew, or reasonably could have known, of his injury or change and the cause thereof. The waiver of any such issue or defense shall be effective regardless of whether such issue or defense may otherwise be deemed jurisdictional or relating to an element in the cause of action. The waiver shall be judicially enforceable in accordance with its terms by the claimant against the person indemnified.

(v) The term extraordinary nuclear occurrence means an event which DOE has determined to be an extraordinary nuclear occurrence as defined in the Act. A determination of whether or not there has been an extraordinary nuclear occurrence will be made in accordance with the procedures in 10 CFR part 840.

(vi) For the purposes of that determination, "offsite" as that term is used in 10 CFR part 840 means away from "the contract location" which phrase means any DOE facility, installation, or site at which contractual activity under this contract is being carried on, and any contractor-owned or controlled facility, installation, or site at which the contractor is engaged in the performance of contractual activity under this contract.

(3) The waivers set forth above:

(i) Shall be effective regardless of whether such issue or defense may otherwise be deemed jurisdictional or relating to an element in the cause of action;

(ii) Shall be judicially enforceable in accordance with its terms by the claimant against the person indemnified;

(iii) Shall not preclude a defense based upon a failure to take reasonable steps to mitigate damages;

(iv) Shall not apply to injury or damage to a claimant or to a claimant's property which is intentionally sustained by the claimant or which results from a nuclear incident intentionally and wrongfully caused by the claimant;

(v) Shall not apply to injury to a claimant who is employed at the site of and in connection with the activity where the extraordinary nuclear occurrence takes place, if benefits therefor are either payable or required to be provided under any workmen's compensation or occupational disease law;

(vi) Shall not apply to any claim resulting from a nuclear incident occurring outside the United States;

(vii) Shall be effective only with respect to those obligations set forth in this clause and in insurance policies, contracts or other proof of financial protection; and

(viii) Shall not apply to, or prejudice the prosecution or defense of, any claim or portion of claim which is not within the protection afforded under (A) the limit of liability provisions under subsection 170e. of the Act, and (B) the terms of this agreement and the terms of insurance policies, contracts, or other proof of financial protection.

(f) Notification and litigation of claims. The contractor shall give immediate written notice to DOE of any known action or claim filed or made against the contractor or other person indemnified for public liability as defined in paragraph (d)(2). Except as otherwise directed by DOE, the contractor shall furnish promptly to DOE, copies of all pertinent papers received by the contractor or filed with respect to such actions or claims. DOE shall have the right to, and may collaborate with, the contractor and any other person indemnified in the settlement or defense of any action or claim and shall have the right to (1) require the prior approval of DOE for the payment of any claim that DOE may be required to indemnify hereunder; and (2) appear through the Attorney General on behalf of the contractor or other person indemnified in any action brought upon any claim that DOE may be required to indemnify hereunder, take charge of such action, and settle or defend any such action. If the settlement or defense of any such action or claim is undertaken by DOE, the contractor or other person indemnified shall furnish all reasonable assistance in effecting a settlement or asserting a defense.

(g) Continuity of DOE obligations. The obligations of DOE under this clause shall not be affected by any failure on the part of the contractor to fulfill its obligation under this contract and shall be unaffected by the death, disability, or termination of existence of the contractor, or by the completion, termination or expiration of this contract.

(h) Effect of other clauses. The provisions of this clause shall not be limited in any way by, and shall be interpreted without reference to, any other clause of this contract, including the clause entitled Contract Disputes, provided, however, that this clause shall be subject to the clauses entitled Covenant Against Contingent Fees, and Accounts, records, and inspection, and any provisions that are later added to this contract as required by applicable Federal law, including statutes, executive orders and regulations, to be included in Nuclear Hazards Indemnity Agreements.

(i) Civil penalties. The contractor and its subcontractors and suppliers who are indemnified under the provisions of this clause are subject to civil penalties, pursuant to section 234A of the Act, for violations of applicable DOE nuclear-safety related rules, regulations, or orders. If the contractor is a not-for-profit contractor, as defined by section 234Ad.(2), the total amount of civil penalties paid shall not exceed the total amount of fees paid within any 1-year period (as determined by the Secretary) under this contract.

(j) Criminal penalties. Any individual director, officer, or employee of the contractor or of its subcontractors and suppliers who are indemnified under the provisions of this clause are subject to criminal penalties, pursuant to section 223(c) of the Act, for knowing and willful violation of the Atomic Energy Act of 1954, as amended, and applicable DOE nuclear safety-related rules, regulations or orders which violation results in, or, if undetected, would have resulted in a nuclear incident.

(k) Inclusion in subcontracts. The contractor shall insert this clause in any subcontract which may involve the risk of public liability, as that term is defined in the Act and further described in paragraph (d)(2) above. However, this clause shall not be included in subcontracts in which the subcontractor is subject to Nuclear Regulatory Commission (NRC) financial protection requirements under section 170b. of the Act or NRC agreements of indemnification under section 170c. or k. of the Act for the activities under the subcontract.

Effective date

() See Note I below for instructions related to this section on Effective Date.

Relationship to general indemnity

() See Note I below for instructions related to this section on Relationship to General Indemnity.

(End of clause)

Note I

(a) For contracts with an award date after the effective date of Acquisition Letter 2012-10, August, 16 2012, do not include an effective date provision.

(b) For contracts with an award date before the effective date of Acquisition Letter 2012-10, August, 16 2012:

(i) If the contract contains the Nuclear Hazards Indemnity Agreement clause, dated June 1996 or prior version, replace the clause at DEAR 952.250-70 with this model clause and use the EFFECTIVE DATE title and language, as follows:

"(l) Effective Date. This contract was awarded on or after August 8, 2005 and at contract award contained the clause at DEAR 952.250-70 (JUN 1996) or prior version. That clause has been deleted and replaced with this clause. The Price-Anderson Amendments Act of 2005, described by this clause, control the indemnity for any nuclear incident that occurred on or after August 8, 2005. The Contractor's liability for civil penalties for violations of the Atomic Energy Act of 1954 under this contract is described by paragraph (i) of this clause.

(ii) If the contract was awarded prior to August 8, 2005 and contains the Nuclear Hazards Indemnity Agreement clause, dated June 1996 or prior version, add this clause in addition to the clause at 952.250-70 or prior version and use the EFFECTIVE DATE title and language, as follows:

"(1) Effective Date. This contract was in effect prior to August 8, 2005 and contains the clause at DEAR 952.250-70 (JUN 1996) or prior version. The indemnity of paragraph (d)(1) is limited to the indemnity provided by the Price-Anderson Amendments Act of 1988 for any nuclear incident to which the indemnity applies that occurred before August 8, 2005. The indemnity of paragraph (d)(1) of this clause applies to any nuclear incident that occurred on or after August 8, 2005. The Contractor's liability for violations of the Atomic Energy Act of 1954 under this contract is that in effect prior to August 8, 2005.

(iii) If the contract contains the model clause in AL 2005-15 or its equivalent, no additional changes to the clauses need to be made.

(End of note)

Note II

The following alternate will be added to the above Nuclear Hazards Indemnity Agreement clause for all contracts that contain a general authority indemnity pursuant to 950.7101. Caution: Be aware that for contracts that will have this provision added which do not contain an effective date provision, this paragraph shall be marked (1). In the event an Effective Date provision has been included, it shall be marked (m).

"() To the extent that the contractor is compensated by any financial protection, or is indemnified pursuant to this clause, or is effectively relieved of public liability by an order or orders limiting same, pursuant to 170e of the Act, the provisions of the clause providing general authority indemnity shall not apply."

(a) Exceptions from certified cost or pricing data.

(1) In lieu of submitting certified cost or pricing data, offerors may submit a written request for exception by submitting the information described in the following subparagraphs. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable.

(i) Identification of the law or regulation establishing the price offered. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) Commercial item exception. For a commercial item exception, the offeror shall submit, at a minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price for this acquisition. Such information may include --

(A) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying

office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities;

(B) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market;

(C) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.

(End of Provision)

52.216-1 TYPE OF CONTRACT (APR 1984)

The Government contemplates award of a cost plus award fee with performance incentives contract resulting from this solicitation.

(End of provision)

52.222-46 EVALUATION OF COMPENSATION FOR PROFESSIONAL EMPLOYEES (FEB 1993)

(a) Recompensation of service contracts may in some cases result in lowering the compensation (salaries and fringe benefits) paid or furnished professional employees. This lowering can be detrimental in obtaining the quality of professional services needed for adequate contract performance. It is therefore in the Government's best interest that professional employees, as defined in 29 CFR 541, be properly and fairly compensated. As a part of their proposals, offerors will submit a total compensation plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract. The Government will evaluate the plan to assure that it reflects a sound management approach and understanding of the contract requirements. This evaluation will include an assessment of the offeror's ability to provide uninterrupted high-quality work. The professional compensation proposed will be considered in terms of its impact upon recruiting and retention, its realism, and its consistency with a total plan for compensation. Supporting information will include data, such as recognized national and regional compensation surveys and studies of professional, public and private organizations, used in establishing the total compensation structure.

(b) The compensation levels proposed should reflect a clear understanding of work to be performed and should indicate the capability of the proposed compensation structure to obtain and keep suitably qualified personnel to meet mission objectives. The salary rates or ranges must take into

account differences in skills, the complexity of various disciplines, and professional job difficulty. Additionally, proposals envisioning compensation levels lower than those of predecessor Contractors for the same work will be evaluated on the basis of maintaining program continuity, uninterrupted high-quality work, and availability of required competent professional service employees. Offerors are cautioned that lowered compensation for essentially the same professional work may indicate lack of sound management judgement and lack of understanding of the requirement.

(c) The Government is concerned with the quality and stability of the work force to be employed on this contract. Professional compensation that is unrealistically low or not in reasonable relationship to the various job categories, since it may impair the Contractor's ability to attract and retain competent professional service employees, may be viewed as evidence of failure to comprehend the complexity of the contract requirements.

(d) Failure to comply with these provisions may constitute sufficient cause to justify rejection of a proposal.

(End of provision)

52.233-2 SERVICE OF PROTEST (SEP 2006)

DOE-L-1012 GUIDANCE FOR PROSPECTIVE OFFERORS -- IMPACT OF TEAMING ARRANGEMENTS ON SMALL BUSINESS STATUS (NOV 2009) (TAILORED)

(a) This procurement has been set aside for small business. In order to ensure that award is made to an eligible small business, prospective Offerors, in consultation with legal counsel, are encouraged to review the Small Business Administration's (SBA's) size eligibility standards found at Title 13 of the Code of Federal Regulations, Section 121 (13 C.F.R. § 121). In particular, Offerors proposing a joint venture, subcontracting, or another form of teaming arrangement should review 13 C.F.R. § 121.103, "How does SBA determine affiliation?" prior to submitting a proposal.

(b) The SBA is the sole authority for making determinations of small business status for small business programs. Such determinations are binding on the Offeror and the Contracting Officer. Accordingly, a finding by the SBA of affiliation between an Offeror and its proposed team member(s) or subcontractor(s) may result in the Offeror being found to be other than a small business and therefore ineligible for contract award.

(c) Business concerns are considered to be affiliates of each other if either one directly or indirectly controls or has the power to control the other, or if another concern controls both. In determining whether affiliation exists, factors such as common ownership (stock ownership or options, convertible securities and agreements to merge), common management, and contractual relationships are considered. An Offeror will also be found to be affiliated with its subcontractor(s) if the Offeror is unusually reliant upon its subcontractors or if the subcontractor(s) will perform primary and vital requirements of a contract.

(d) The SBA has issued several decisions concerning its evaluation of affiliation of an Offeror and its proposed subcontractor(s). The following examples set forth characteristics that the SBA has reviewed in considering the question of affiliation and may assist prospective Offerors in developing any teaming arrangements and their proposals.

(1) The SBA considers whether proposed subcontracting, partnership, joint venture, or other teaming arrangements contain discrete descriptions of the tasks or work to be performed by each party. The SBA considers whether the Offeror or, if the Offeror is a joint venture or partnership, the joint venture participants or partners, perform the primary or vital portions of the Statement of Work. The SBA considers whether teaming arrangements clearly set forth the relationship between the parties, as well as the individual roles and responsibilities assigned.

(2) The SBA considers whether there is a clear separation of facilities, employees, and management (decision-making authority) between the Offeror and any entities with which it has teaming arrangements.

(3) The SBA considers the extent to which the Offeror directly employs Key Personnel (Program Manager, Project Manager, etc.).

(4) If the Offeror is an eligible small business prime contractor, the SBA considers whether the majority of the technical expertise resides with the Offeror. If the Offeror is an eligible joint venture the SBA considers whether the majority of the technical expertise resides among the joint venture members.

(5) The SBA considers the Offeror's profit sharing arrangements with its proposed subcontractor or other entities.

(6) In reviewing affiliation between the Offeror and its proposed subcontractors or entities with which the Offeror has a teaming arrangement, SBA considers the previous contractual or business relationships between the Offeror and that entity.

If the DOD Facility Clearance is at the "L" level and the solicitation requires a "Q"; Offeror shall submit a FOCI package through the DOE eFOCI system.

(f) If the company has an active DOE Facility Clearance and is compliant with FOCI regulations, a resubmission is not required. Provide your DOE Facility Code to the Contracting Officer. Guidance and instructions are available on the eFOCI website.

For proposal purposes, Offerors shall assume that all documents and references provided in the acquisition's electronic "Reading Room" are current. In-process/draft strategies currently being negotiated between the Government and the regulator or any other developments which are not currently reflected in the PWS, FFACO or other applicable documents in the acquisition's electronic "Reading Room" shall not be reflected in the Offerors' proposals. Offerors shall assume that all FFACO documents (Corrective Action Investigation Plans [CAIPs], Corrective Action Decision Documents [CADDs], Corrective Action Plans [CAPs] and Closure Reports [CRs]) for Soils activities are to be prepared in accordance with the process specified in the PWS and FFACO. Additionally, for proposal purposes, Offerors shall not combine Soils deliverables through the use of Streamlined Approach for Environmental Restoration (SAFER) plans, CADD/CAPs or CADD/CRs and Offerors shall not modify the current Corrective Action Units (CAUs) or grouping of Corrective Action Sites (CASs) identified in the FFACO. Failure to comply with the requirements of this provision may render a proposal unacceptable and ineligible for award.

The Offeror shall describe its proposed technical approach for accomplishing the following selected requirements of the PWS. As a part of the proposed approach, address any technical risks associated with these requirements and the proposed approach to avoid or minimize those technical risks.

(i) Soils: Characterization of radiologically contaminated soils over widespread areas varying in size from several acres to more than 1,000 acres. Offerors are to assume all Soil sites will be closed in place with institutional controls.

(ii) Underground Test Area (UGTA):

(A) The development and application of conceptual geologic source term and groundwater flow and transport models to aid in the characterization of deep underground contamination (700 to over 4,000 feet below ground surface) for radiologically contaminated groundwater in complex geologic settings covering areas larger than 100 square miles. This includes the collection and utilization of data to support the development of the models.

(B) The development of a long-term groundwater monitoring program based on the computer flow and transport models.

(iii) Radioactive Waste Acceptance: Conduct and coordinate facility evaluations and the review of waste profiles to ensure compliance with Waste Acceptance Criteria.

Simply repeating the PWS requirements or merely offering to perform the work may result in a lower evaluation or the offer being determined technically unacceptable.

(iv) Staffing Plan Summary: Provide a Staffing Plan Summary consistent with the format contained in Attachment L-7 that delineates the staffing (types, quantities and skill mix) necessary to execute the entire PWS. The Staffing Plan Summary shall not be rolled up to a higher level but a lower level of detail may be provided based on the Offeror's technical approach. The Staffing Plan Summary shall be completed by Common Occupational Code System (COCS) category and by contract year and PWS areas as detailed in Attachment L-7. Show how the total quantity and mix of labor was estimated and provide a cross walk between your proposed COCS labor categories (Attachment L-8) and your company specific labor categories. The Offeror may propose labor subcategories to represent the appropriate levels of experience; however if used, Offerors shall ensure the subcategories are defined and differentiated in the Staffing Plan Summary. Discuss the Basis of Estimate to support the proposed hours by describing how the types and quantities of labor hours to perform the PWS were estimated and complete Attachment L-11 accordingly. The Staffing Plan Summary shall be consistent with the proposed technical approach and Attachment L-6, Cost Element Summary. No dollars shall be included in the Staffing Plan Summary or in Attachment L-11, Basis of Estimate Log.

Note: Attachment L-11, Basis of Estimate Log, shall not be confused with the basis of estimate requested under Volume III, Cost Proposal Instructions and the completed Attachment L-6, Cost Element Summary which is a separate requirement.

(2) TAB - 2: Criterion 2, Key Personnel (Each resume is limited to 3 pages and the letter of commitment is limited to 1 page for a total of 4 pages. These pages are not part of the Volume II 50 page limit.)

(i) The Offeror shall provide written resumes for the Key Personnel identified in NNS-H-2013 of Section H of the RFP. The same individuals may be proposed for more than one functional area. The Government intends to only evaluate those key personnel positions identified in clause NNS-H-2013. The proposed resumes shall address the elements described in Attachment L-2 entitled "Key Personnel Resume Elements." If an Offeror proposes key personnel in addition to the positions identified in clause NNS-H-2013 they will not be evaluated. Proposed Key Personnel must be United States citizens and must be eligible to receive DOE "Q" or "L" clearance.

(ii) The Offeror shall provide a signed 3-year letter of commitment to this contract for all proposed key personnel.

(3) TAB - 3: Criterion 3 - Corporate Experience (Page Limit: Attachment L-3 blocks #1-12 are limited to 2 pages per contract excluding block #13 which has no page limitation. The separate narrative explaining experience relevancy is limited to 3 pages for each proposed team member under the contract. Attachment L-4 has no page limit. Attachments L-3 and L-4 are not part of the Volume II 50 page limit.)

The Offeror shall submit completed Corporate Experience & Performance Self-Assessment Forms at Attachment L-3 for past or current contracts that are relevant (similar in nature, size in dollars, and complexity) to the management and execution of the overall scope of work and/or to the specific areas of the PWS for which each team member will be responsible. In addition to the technical capabilities, experience with project management concepts, systems, and procedures should be included where applicable to the proposed team member's role under the contract. Additionally, the Offeror shall include a separate narrative description for each proposed team-member, not to exceed 3 pages each, describing the proposed responsibilities of the team-member under the contract and an explanation of why the corporate experience listed for that team-member is relevant (similar in nature, size in dollars, and complexity) to the team-member's proposed role in under the contract. Submit information for no more than 3 contracts for each proposed team member. (For example, a prime contractor with two subcontractors shall submit no more than 9 Forms. Two teaming partners and two subcontractors shall submit no more than 12 Forms.) Contracts listed may include federal, state, and local Government and commercial customers. The experience cited must have ended within the last 5 years of the RFP release date and must have been in place for at least 9 months. In addition, the Offeror shall complete the Corporate Experience Matrix at Attachment L-4 as it relates to each team member's proposed role in performing the PWS. If the Offeror, or a team-member, is the successor company of another business entity resulting from a name change or a transfer of substantially all of the assets of the predecessor company to the Offeror or team-member, it may submit corporate experience from its predecessor company(s) provided that such corporate experience falls within the parameters of this provision and is accompanied by documentary evidence of the name change or asset transfer (no page limit).

(4) TAB - 4: Criterion 4 - Past Performance (Page Limit: No page limit)

For each contract identified in Criterion 3, the Offeror shall provide the Past Performance Questionnaire at Attachment L-5 to each technical and contracting points of contact listed in Blocks 10a and 10b of the Corporate Experience and Performance Self-Assessment Form. Include a completed "copy" of the respective Corporate Experience & Performance Self-Assessment Form to these points of contact. The points of contact shall return the completed Past Performance Questionnaires directly to the NNSA Contract Specialist listed in Block 7 of this solicitation's SF 33 or by facsimile at (505) 284-7122. The questionnaire(s) should be submitted 10 business days prior to the date for receipt of proposals. Receipt of the questionnaires by NNSA is not subject to the provisions of FAR clause 52.215-1, "Instructions to Offerors-Competitive Acquisition," related to late proposals. The Offeror shall be responsible for assuring, to the extent possible, that the completed Past Performance Questionnaires are returned to the Contract Specialist. Offerors are advised that past performance information received more than 5 days after the closing date of this solicitation may not be considered in the evaluation process at the sole discretion of the Contracting Officer. In the proposal submission the Offeror shall provide under TAB - 4 a list identifying the contracts and the names, titles, and phone numbers of the respective points of contact to whom the questionnaires were provided. If the Offeror is a newly formed legal entity that has no past performance information, the Offeror shall submit past performance information relating to its team members.

NNS-L-2003 PROPOSAL PREPARATION INSTRUCTIONS: VOLUME III--COST PROPOSAL (OCT 2013)

(a) Overview and General Requirements

The Contracting Officer has determined that cost or pricing data are not required for this competitive cost-type solicitation. However, in accordance with FAR 15.403-1(b) and 15.403-3(a), information other than cost or pricing data is required to determine if proposed costs are reasonable, realistic, and reflect a clear understanding of the solicitation requirements. If, after receipt of proposals, the Contracting Officer determines that there is insufficient information available to determine price reasonableness and none of

the exceptions in FAR 15.403-1 apply, the Offeror shall provide certified current, complete and accurate cost or pricing data within 14 days after receipt of the Contracting Officer's request.

(1) Submission Format

The Offeror's Cost/Price proposal consists of the estimated price to perform the required effort as set forth in the solicitation, and must be prepared in a manner that is current, accurate, and responsive to the RFP. In accordance with FAR 15.403-5(b)(2), the cost proposal submission shall be prepared using the format specified in the following instructions.

(2) Proposal Accuracy

The cost proposal must be mathematically correct and structured in a logical manner. Row and column totals for all schedules and exhibits must accurately foot and cross-foot. Cost totals on supporting schedules and exhibits must track to and agree with summary cost totals and the amounts shown on the proposal cover sheet. Unless specified otherwise, all final monetary extensions shall be rounded to the nearest whole dollar, and all labor rates to the nearest penny. All spreadsheets and exhibits, including those submitted by team members and other subcontractors, shall be submitted in Microsoft (MS) EXCEL format, version 2007 or lower, with formulas and links intact and all cells unprotected. The Offeror shall provide summary level cost information using the illustrative Microsoft EXCEL Sample Tables provided in Section L, Attachment L-6. Offerors are responsible for the accuracy of all formulas, links, and all other relationships within the submitted MS Excel electronic spreadsheets and workbooks.

(3) Narrative Support

The Offeror, and each team member including subcontractors, shall provide narrative support sufficient to explain the development of the proposed costs/prices. In accordance with the solicitation requirements, the narrative should describe the Offeror's supporting rationale, the estimating methodologies used, and the basis of estimate for the data provided in support of the proposed costs. Supporting narratives and other information may be submitted in Microsoft WORD, Adobe Acrobat, or compatible formats.

(4) Actual vs. Estimated Data

The Offeror's submission must distinguish between actual cost data and estimated cost data. For actual cost data, the source of the data (e.g. general ledger, job cost ledger, paid invoice, etc.) and the period in which the actual data is based (cut-off or closing dates) shall be identified. For estimated cost data, the Offeror shall clearly identify the estimated amounts and explain the basis of estimate.

(5) Cost/Price Reasonableness and Realism

Unrealistically low or high proposed costs or prices, initially or subsequently, may be grounds for eliminating a proposal from consideration either on the basis that the Offeror does not understand the requirements, or has made an unrealistic offer. Offers should be sufficiently detailed to demonstrate their reasonableness. If estimated costs to perform the proposed effort have been decreased due to efficiencies or a management decision, the Offeror shall provide complete rationale and a summary of the reduction by cost element. The burden of proof for credibility of proposed costs/prices rests with the Offeror.

(6) Teaming Arrangements

The Offeror shall provide a copy of these cost proposal instructions to all potential team members. Team members include any members of a joint venture or partnership, Limited Liability Company or Partnership (LLC/LLP), and any subcontractor.

All team member and subcontractor proposals must be received by the date/time specified in the solicitation. If a teaming arrangement is proposed, the Offeror must provide a summary of the total

cost/price and clearly identify by cost element the portion of the cost proposal that pertains to each participant, including subcontractors. In addition, each team member including subcontractors must provide separate proposal cover sheets, exhibits, summary schedules and supporting cost information in the same format and level of detail as required of Offerors under these cost instructions. Contract clause NNS-H-1042 makes the pyramiding of fee/profit expressly unallowable. The prime contractor shall clearly identify the contract type of each proposed subcontract-see Attachments L-6, Table 2. Proprietary team cost information may be submitted directly to the Contracting Officer/Contract Specialist.

(7) Subcontract Proposal Submission and Analysis

It is the Prime Contractor's responsibility to conduct appropriate subcontract cost or price analysis to establish the reasonableness of proposed subcontract prices-see FAR Part 15.404-3. The Offeror shall provide these analyses as part of its cost proposal. Proprietary subcontract cost information may be submitted directly to the Contracting Officer/Contract Specialist.

(8) Interorganizational Transfers

An interorganizational transfer includes any proposed effort or work done by a division, subsidiary, or affiliates of the Offeror under a common control. The Offeror's cost proposal must separately identify and provide a cost element breakout of all proposed interorganizational transfers. The Offeror's shall be responsible for conducting the appropriate cost or price analysis to establish the reasonableness of proposed interorganizational transfer prices and to provide it with the proposal submission-see FAR Part 15.404-3.

(b) Specific Cost and Format Requirements

The Offeror, including any proposed subcontractors or members of a teaming arrangement, shall format the cost proposal in accordance with the following instructions. Failure to follow these instructions may result in the elimination of the proposal from further consideration.

- (ii) The name, telephone number, and e-mail address of a primary point of contact authorized to provide clarifying information regarding the Volume III, Cost/Price proposal.

- (vi) Name, title and signature of person authorized to commit the firm.
- (vii) Name, address, and phone number of the cognizant Government audit office and contract administrative office for the Offeror and any proposed subcontractors or inter-organizational transfers.

and the requirements of this solicitation. The Offeror shall list each exception, if any, and provide complete rationale.

(ix) A statement granting the Contracting Officer, or an authorized representative, the right to examine, for purposes of verifying the data submitted, those books, records, documents, and other supporting data (regardless of form), which will permit an adequate evaluation of the proposed costs/price. This right may be exercised in connection with any review deemed necessary by the Government prior to contract award. This statement shall apply to any and all teaming partners/subcontractors.

(x) A statement identifying whether the Offeror's organization is subject to the Cost Accounting Standards (CAS) and the current status of its Disclosure Statement. The Offeror shall state whether it has been notified that it is or may be in noncompliance with its Disclosure Statement or CAS and, if yes, provide an explanation. The Offeror shall state whether any aspect of this proposal is inconsistent with its disclosed accounting practices or applicable CAS and, if so, provide an explanation.

(2) Contract Period of Performance

The base contract period of performance is October 1, 2014 to September 30, 2015. The option periods (if exercised) are October 1, 2015 to September 30, 2019. Note that the first year of performance consists of a 1-month transition period and an 11-month period of performing 100% of the requirement. For pricing purposes, assume an October 1, 2014 transition start date. The Offeror shall propose only the transition related costs for October 2014.

(3) Cost Proposal Summary

The Offeror shall complete and provide time-phased cost summaries Attachment L-6, Table 1, by major cost element by contractor fiscal year (CFY). For each cost element proposed, the Offeror shall provide supporting schedules and information in accordance with the following instructions. Offerors shall propose costs based on the Performance Work Statement (PWS), Section J, Attachment J-1 and the cost proposal instructions contained herein. The proposed types, quantities, and skill mix of labor must be consistent among proposed documents, including but not limited to the Technical Proposal, Staffing Plan Summary, Cost Proposal, and Cost Element Summary. Offerors shall provide summary level cost information as specified in Attachment L-6. DO NOT convert Attachment L-6 to Adobe Acrobat files.

(4) Direct Labor Hours and Rates

The cost proposal shall be consistent with the Staffing Plan Summary included in the technical proposal. The Offeror shall identify the basis for the proposed labor rates and explain how the rates are adjusted (e.g., blended rates, weighted averages, etc.), if applicable, to arrive at the proposed rates. Clearly identify and explain the basis for any annual escalation factors employed.

(i) The Offeror shall indicate the total number of direct productive labor hours (DPLH) estimated per year for one full-time equivalent (FTE) employee. The Offeror shall demonstrate how its DPLH is calculated by identifying the number of annual hours estimated for each type of non-productive time such as vacation, holiday, sick leave, administrative leave, and other types of non-direct charged activities in accordance with its current compensation policies.

(ii) For any proposed hours against which uncompensated overtime is applied, the Offeror shall comply with the requirements of FAR 52.237-10 (Identification of Uncompensated Overtime).

(iii) Some labor under this effort may be subject to the Service Contract Act and Fair Labor Standards Act. All employees working under covered job descriptions must be paid (at a minimum) the base wage by location as specified in the wage determination (WD) for that location. If a labor category position is covered by a WD, it must be provided or paid health and welfare benefits.

Employees subject to a WD must receive 10 paid holidays which they will be eligible for from their first day of employment (specific holidays are listed in the WD), and they must receive 10 days of vacation after one year of service in accordance with the regulations found in the Code of Federal Regulations, Title 29, Part 4, "Labor Standards for Federal Service Contracts." The web site for the Code of Federal Regulations is <http://www.access.gpo.gov/nara/cfr/cfr-table-search.html>.

(5) Indirect Rates

The Offeror shall provide exhibits showing its proposed indirect rates by CFY for fringe benefits, labor overhead (if applicable), General and Administrative (G&A), and any other proposed indirect rate by type of labor. The cost elements included in each pool and base component shall be identified, and the basis of estimate and allocation methodology for each indirect cost rate proposed shall be explained. If indirect rates are based on a Forward Pricing Rate Agreement, billing, or bidding rates, the Offeror shall provide a copy of the agreement showing the approved rates and effective dates, and shall explain any deviations from the approved indirect rates.

(6) Government Baselined Amounts

The Government has provided baselined amounts for proposal preparation purposes, which shall be used by the Offeror in preparing its proposal. Additionally, ODCs shall not be proposed for any period, except for the Transition period. The Government baselined ODC amounts shown below include all direct and indirect costs and shall not be further burdened by Offerors. If the RFP ODC baselined amounts are insufficient to cover those costs during performance, a contract modification will be executed to increase the ODC baselined amounts accordingly.

Baselined Other Direct Costs (Include in the proposed costs for CLINs (0003, 0004, 0005, 1003, 1004, 1005, 2003, 2004, 2005, 3003, 3004, 3005, 4003, 4004 and 4005).

(7) Subcontracts and Inter-organizational Transfers

The Offeror shall provide a summary listing of proposed subcontractors/amounts (Table 2 of Attachment L-6).

It is the Prime Contractor's responsibility to conduct appropriate subcontract cost or price analysis to establish the reasonableness of proposed subcontract prices-see FAR Part 15.404-3. If the subcontract is to be awarded based on competition, provide the price/cost analysis and any evidence or discussion of bids received. If the subcontract was not competed, provide a complete cost proposal from each subcontractor. Subcontract cost proposals shall provide a breakout of all elements to the same extent as required of the prime contractor, as detailed under section (b) above. If proposed subcontractors have rates which they consider to be proprietary data, then separate detailed proposals can be sent directly to the Contracting Officer/Contract Specialist as discussed in provision NNS-L-2006. The proposed subcontractor can also provide this information through the Offeror's proposal. All required data shall be received by the proposal due date and time.

(8) Consultants

The completed form must be included as an attachment to the Offeror's cost proposal. The Form CASB-CMF can be found at 48 CFR 9904.414. If the Offeror elects not to claim FCCM, it shall provide a statement to that effect. The Offeror shall provide an exhibit showing each proposed FCCM rate (applicable to overhead, G&A, etc.) by CFY. The exhibit shall identify the application base for each FCCM rate and show calculations to support the proposed costs by CFY for each CLIN or contract period as required by the solicitation.

(10) Fee (Award Fee / Performance Incentive Fee)

The Offeror shall identify the proposed fee amounts by contract year, fee percentages, the allocation between award fee and performance incentive fee, and the labor allocation base to which the fee percentages are applied. In accordance with contract clause NNS-H-1043, all T&M/Labor Hour subcontracted effort shall be removed from the award fee base. All fee is at risk and there will be no base fee for this effort. In accordance with contract clause NNS-H-1042, pyramiding of fee/profit is expressly unallowable. Although not required, Offerors are encouraged to provide rationale for the proposed award fee.

The information in (i) and (ii) below is required for the Offeror and all participants. If the Offeror is a teaming arrangement include subcontractors.

(i) Accounting and Estimating Systems: The Offeror shall state whether its accounting and estimating systems have been reviewed and approved by a Government agency. Evidence of such approval shall be provided by identifying the approving agency and official, the scope of review, and the date of approval.

(A). Estimating System: The Offeror shall provide a general description of its standard estimating system in relation to each major cost element proposed (e.g., direct labor, materials, overhead, ODCs, G&A, etc.).

(14) Accounting System Adequacy

(i) In accordance with FAR 16.301-3 (Cost-Reimbursement Contracts - Limitations), a cost-reimbursement contract may be used only when the contractor's accounting system is adequate for determining costs applicable to the contract. Therefore, your cost estimates must be predicated upon an accounting system which is adequate for classifying, accumulating and reporting costs under government cost-type contracts. To facilitate development and Government evaluation of your cost proposal, and to promote timely award of a cost-type contract, you must assure you have an adequate accounting system in place prior to contract award.

(ii) The acceptability of an accounting system is determined based upon a review performed by the Defense Contract Audit Agency (DCAA). Specific information concerning accounting systems may be found at DCAA's website: http://www.dcaa.mil/DCAAP_7641.90.pdf <http://www.dcaa.mil/DCAAP_7641.90.pdf>. Enclosure 2 of this pamphlet provides details on accounting system requirements and the criteria used by DCAA to evaluate its adequacy.

(iii) In preparation for possible selection for contract (at which time the government will formally request a DCAA accounting system review), it is highly recommended that you review the aforementioned requirements as well as Figure 3 of DCAAP 7641.90, "Preaward Survey of Prospective Contractor Accounting System (SF 1408)" to identify and address any accounting system inadequacies. In addition, complete the attached "Accounting System Questionnaire" (Attachment L-9) and include it with your cost proposal submission.

(iv) The DCAA website and your local DCAA office can answer any questions or concerns you may have regarding accounting system adequacy. Please note, although DCAA is available for questions, only the government may request a DCAA accounting system review.

(End of provision)

NNS-L-2004 INTENT TO AWARD WITHOUT DISCUSSIONS (OCT 2013)

As set forth in Section L, Clause FAR 52.215-1(f)(4), the Government intends to make an award without discussions. The Government may make a final determination as to whether the Offeror's proposal is acceptable or unacceptable solely on the basis of the initial proposal as submitted. Accordingly, Offerors are advised to submit an initial proposal that is fully and clearly acceptable without the need for additional information or explanation and which contains the Offeror's best terms from a management, technical, past performance and price standpoint. The Government reserves the right to conduct discussions if determined by the Contracting Officer to be necessary.

A. DOE AND NNSA SOLICITATION PROVISIONS IN FULL TEXT

NNS-M-1001 EVALUATION OF PROPOSALS (NOV 2009) (TAILORED)

(a) This acquisition will be conducted pursuant to the policies and procedures in Federal Acquisition Regulation (FAR) Part 15 and Department of Energy Acquisition Regulation (DEAR) Part 915. NNSA has established a Source Evaluation Board (SEB)/Source Evaluation Team (SET) to evaluate the proposals submitted for this acquisition.

(b) The instructions set forth in Part IV Section L are designed to provide guidance to the Offeror concerning the documentation that will be evaluated by the SEB/SET. The Offeror must furnish adequate and specific information in its response. Simply repeating the PWS requirements or merely offering to perform the work may result in a lower evaluation or the offer being determined technically unacceptable.

(c) A proposal will be eliminated from further consideration if the proposal is so grossly and obviously deficient as to be totally unacceptable on its face. For example, a proposal will be deemed unacceptable if it does not represent a reasonable initial effort to address itself to the essential requirements of the RFP, or if it clearly demonstrates that the Offeror does not understand the requirements of the RFP. Therefore, if a proposal is determined to be technically unacceptable, no further evaluation of the proposal (technical, cost, or management) will be performed. In the event that a proposal is eliminated, a notice will be sent to the Offeror stating the reasons that the proposal will not be considered for further evaluation under this solicitation.

(d) Prior to an award, a determination shall be made by the Source Selection Authority whether any possible organizational conflict of interest exists with respect to the apparent successful Offeror or whether there is little or no likelihood that such conflict exists. In making this determination, NNSA will consider the representation required by Part IV Section K of this solicitation and NNSA may consider any other information available to NNSA. An award will only be made if there is no organizational conflict of interest, unless it is in the best interest of the Government to make award anyway and a waiver is obtained in accordance with agency procedures, or if any potential organizational conflict of interest can be appropriately avoided or mitigated.

(e) Pursuant to 15.306(c), in the event that Contracting Officer decides that it is necessary to conduct discussions with the Offerors, the Contracting Officer's determination of the competitive range for proposals submitted as a result of this solicitation will consider such factors as technical evaluation/ranking of the proposal, initial cost/price proposed and other items set forth in this section. Offerors are hereby advised that only those proposals deemed to have a reasonable chance for award of a contract will be included in the competitive range, and the Contracting Officer may further reduce the number of Offerors in the competitive range for purposes of efficiency in accordance with FAR 15.306(c)(1) & (2). Offerors who are not included in the competitive range will be promptly notified.

(f) For the purpose of evaluating information on an Offeror's experience and past performance, NNSA will consider information on all of those companies comprising the Offeror's "Contractor team arrangement" that will perform major or critical aspects of the PWS/SOW as well as on the single legal entity submitting the offer. NNSA may contact some or all of the references provided by the Offeror, and may solicit past performance information from other available sources.

(g) The Government intends to evaluate proposals and award a contract without discussions with Offerors (except clarifications as described in FAR 15.306(a)). Therefore, the Offeror's initial proposal should contain the Offeror's best terms for both a technical and cost standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary.

(h) Exceptions or deviations to any terms and conditions alone will not render the proposal unacceptable; however, any exceptions or deviations to the terms of the solicitation may make the offer unacceptable for award without discussions. If an Offeror proposes exceptions to the terms and conditions of the contract, the Government may make an award without discussions to another Offeror that did not take exception to the terms and conditions of the solicitation.

(i) An overall rating of unsatisfactory in one evaluation criterion may result in elimination of the proposal from further consideration regardless of the rating of the other criteria.

(End of provision)

NNS-M-1002 BASIS OF CONTRACT AWARD (NOV 2009) (TAILORED)

The Government intends to award one contract to the responsible Offeror whose proposal is responsive to the solicitation and is determined to be the best value to the Government. Selection of the best value to the Government will be achieved through a process of evaluating each Offeror's proposal against the evaluation criteria described below. In determining the best value to the Government, Evaluation Criteria 1-4, when combined, are significantly more important than cost/price; however, cost/price will contribute substantially to the selection decision. The Government is more concerned with obtaining a superior technical proposal than making an award at the lowest evaluated total cost to the Government (including fee). However, the Government will not make an award at a price premium it considers disproportionate to the benefits associated with the evaluated superiority of one technical proposal over another. Thus, to the extent that Offerors' technical proposal (criteria 1-4) are evaluated as close or similar in merit, the evaluated cost is more likely to be a determining factor. The evaluation criteria below are in descending order of importance.

OVERALL RELATIVE IMPORTANCE OF EVALUATION CRITERIA

Evaluation Criteria	Medium
1. Technical Approach and Staffing Plan Summary	Written Information
2. Key Personnel	Written Information
3. Corporate Experience	Written Information
4. Past Performance	Written Information
5. Cost	Written Information

EVALUATION FACTORS

(1) Criterion 1 - Technical Approach and Staffing Plan Summary (TAB 1)

The Government will evaluate the proposed Technical Approach and Staffing Plan Summary to assess the Offeror's understanding of the requirements, completeness and feasibility of the proposed technical approach associated with the PWS requirements identified for this Criterion in Section L, including any technical risks and associated strategies for minimizing or avoiding such risks. Inconsistencies between

the proposed technical approach, including the Staffing Plan Summary and the Cost Proposal may adversely impact the Offeror's rating for this Criterion.

(2) Criterion 2 - Key Personnel (TAB 2)

The Government will evaluate and assess the degree to which the key personnel identified in clause NNS-H-2013 have the education and/or experience to effectively execute the duties and responsibilities for their proposed position considering the nature, size, and scope of the work required in the PWS relevant to their proposed positions.

(3) Criterion 3 - Corporate Experience (TAB 3)

The Government will evaluate and assess the relevancy (similarity in nature, size in dollars, and complexity) and depth of the Offeror's experience as it relates to performing the PWS. The Government will consider the corporate experience of predecessor companies if it is properly submitted in accordance with provision NNS-L-2002 of this RFP.

(4) Criterion 4 - Past Performance (TAB 4)

The Government will evaluate and assess the Offeror's relevant past performance from the last five years to determine the degree to which the Offeror's past performance demonstrates the Offeror's ability to successfully perform the PWS. The Government's evaluation shall include the following information to the extent determined to be relevant: information from the Past Performance Questionnaires; the self-assessment information submitted Attachment L-3; and any other past performance information that the Government may obtain from other sources. The Government shall consider the source and context of the information, any general trends in the information, and the Offeror's responses to any negative past performance information and associated corrective actions. In the event that the Offeror has not had an opportunity to respond to any negative past performance information, the Government shall provide the Offeror such an opportunity and this shall be treated as "clarifications" in accordance with FAR 15.306(a)(2). The Government will consider the past performance of predecessor companies if it is properly submitted in accordance with provision NNS-L-2002 of this RFP. If the Offeror does not have a record of relevant past performance, the Offeror will not be evaluated favorably or unfavorably on past performance and will be assigned a neutral rating. The past performance of Key Personnel shall not be evaluated under this criterion.

(End of provision)

NNS-M-1004 COST PROPOSAL CRITERION (OCT 2013)

The cost proposal will not be rated, but will be used in determining the best value to the Government in accordance with Section M, NNS-M-1002. The cost proposal will be evaluated in accordance with FAR 15.404 to determine cost reasonableness and realism. A significant cost deficiency or weakness that may cause the offer to be rejected is defined as one that is lacking in reasonableness or realism, and the correction of which would cause a material alteration or revision of the Offeror's cost proposal. An unrealistic, unreasonable, or incomplete cost proposal may be evidence of the Offeror's lack of or poor understanding of the requirements of the solicitation, and thus may adversely affect the Offeror's rating on the Technical Proposal criteria. The Government will evaluate the Offeror's cost proposal to determine cost reasonableness and realism. Pursuant to FAR 15.404, the following will be evaluated:

(a) Reasonableness. The total price proposed for the base period and the option period, including the Government baselined ODC amounts, and proposed fee will be used to evaluate price reasonableness. The cost proposal will be evaluated to determine the appropriateness of the underlying assumptions and estimating techniques used to generate the proposed costs and the consistency of those assumptions and techniques with the proposed accomplishment of the required work. The Government may use any of the cost or price analysis techniques specified in FAR 15.404-1 to determine

reasonableness. The Government may determine the offer unreasonable if the Offeror's priced CLINs are materially unbalanced.

(b) Realism. The cost proposal will be evaluated to determine if the estimated proposed cost elements are realistic for the work to be performed, reflect a clear understanding of the PWS requirements, and are consistent with the Staffing Plan Summary submitted by the Offeror. Inconsistencies between the cost proposal and other portions of the proposal could raise concerns regarding the Offeror's understanding of the requirements and its ability to perform the work for the proposed cost, and may affect the Government's rating of the Offeror's Technical Proposal. As a result of its cost realism analysis, the Government may adjust the Offeror's proposed costs to reflect any additions or reductions in cost elements to realistic levels. Cost realism analysis will be used by the Government to establish each Offeror's total probable cost for the best value determination. The total probable cost (evaluated price) includes the sum of the Government evaluated costs of the Offeror's proposal, the Government baselined amounts, and total proposed fee for all requirements in the PWS. The Offeror's cost/price proposal will be evaluated using the probable cost computed by the Government for the base period (basic award) and option periods. The Offeror's proposed estimated costs shall not be controlling for source selection purposes.

(End of provision)

NNS-M-1005 TERMS OF EVALUATION CRITERIA (OCT 2013)

A proposal that is unrealistic in terms of the evaluation criteria (identified at NNS-M-1003) or cost may be deemed unacceptable due to the inherent failure of an Offeror to demonstrate it understands the complexity and risks of the technical requirements as stated in the Performance Work Statement (PWS). This lack of understanding may be grounds for rejection of the proposal. A proposal may be eliminated from further consideration if the proposal is so obviously deficient as to be totally unacceptable. For example, a proposal may be deemed unacceptable if it does not represent a reasonable effort to address essential requirements of the solicitation, or if the Offeror clearly demonstrates it does not understand the technical requirements of the solicitation, specifically the PWS. Therefore, if a proposal is determined to be unacceptable, no further evaluation of the proposal (technical or cost) will be performed. In the event a proposal is eliminated from the competition, the Contracting Officer shall notify the Offeror, in writing, as to the basis of an Offeror's elimination from the competition and that a proposal revision will not be considered.
