**Subject:** Re: Affected Environment Data Call

I have a CD for the first set of data. I can bring it to the meeting so that you can look at the info. The second set of data should be available next week.

Subject: Affected Environment Data Call

---

We're in town staying at the Augusta Marriott. When would you like to get together to discuss the Affected Environment Data Call? We could do it at 4:00 before our 4:30 meeting.
