The SRNS headcount is accurate as of 07/31/10

The SRNS and SRR employee residence by county and state was identified as being current 2010 data.

Barry/Jim

Please send me the Socioeconomic data that was requested in the affected environmental data call so that I can send it to SAIC. We referenced it in the table that we sent SAIC, but they need the information. I talked to John with SAIC this morning and believe that this is all that he has a question about today.

Thanks,
Cynthia Williams
