MEMORANDUM FOR DISTRIBUTION

FROM:

JAMES J. MCCONNELL 
ACTING ASSOCIATE ADMINISTRATOR
FOR INFRASTRUCTURE AND OPERATIONS

SUBJECT:

Acceptance of the National Nuclear Security Administration
Fiscal Year 2015 Ten Year Site Plan Limited Reports

The National Nuclear Security Administration (NNSA) has completed its review of the Fiscal Year (FY) 2015 Ten Year Site Plan (TYSP) Limited Reports for the NNSA sites and the Office of Secure Transportation (OST). Your FY 2015 TYSP Limited Reports are accepted.

In lieu of the FY 2015-2024 TYSP, the NNSA requested its sites and OST to submit limited reports with significant changes since the FY 2014-2023 TYSP submission, proposed real property investments, and projections of office and warehouse space for the Office of Management and Budget's Freeze the Footprint initiative. These limited reports are planning documents and do not necessarily reflect final decisions.

To promote transparency and openness in Government, the NNSA will post the FY 2015 TYSP Limited Reports to a public website within 60 days of the acceptance date on this memorandum.
