# Other Governments' Issues Regarding Foreign Obligations Tracking

Jessica Norles, Savannah River National Laboratory

San Diego, CA  
May 17-19, 2011

## Quadripartite Group

- Initiated by DOE to periodically meet with representatives from Australia, Canada, and European Commission to discuss issues related to their respective Agreements for Cooperation
- Goal is to streamline nuclear material reporting and obligation tracking issues among the four Governments
- Document of Common Understanding and Practices
- Next meeting—Fall 2011

- No established common identifiers (i.e. Batch ID)
- Bulk level reporting
  - On-site increases/decreases
  - LEU/HEU
- Obligated heels
- Weekly report format
