Ten Year Hazardous Materials Incident Data

Oct 27, 2010

The files to the right contain hazardous materials incident summary statistics for the past 10 years.

[**NOTE:** The attached documents are in PDF format, you can [download a free viewer](#). If you have problems accessing the PDFs or the information, [report your problem](#) for further assistance.

Starting with reporting on 2002 incidents, **PHMSA is using a new definition of "serious incident"**. In the "Serious Incidents (current definition; PDF)" report, years prior to 2002 are also based on this new definition. The "Serious Incidents (original definition; PDF)" report provides the 1992-2001 serious incidents based on the original definition.]

2008 incident data are preliminary due to confirmation and validation of Death & Injury information.
