

## National Nuclear Security Administration Public Scoping Meeting

### **Production of Tritium in a Commercial Light Water Reactor (CLWR) Supplemental Environmental Impact Statement (SEIS)**

The Department of Energy's National Nuclear Security Administration (NNSA) is holding a public scoping meeting to solicit comments and provide information on the proposed SEIS for the Production of Tritium in a CLWR. The proposed SEIS will evaluate the potential environmental impacts associated with increased tritium permeation levels and proposed changes to TVA facilities that may be used for future tritium production. NNSA will conduct a public scoping meeting to discuss issues and receive comments as follows:

**Thursday, October 20, 2011**

**Southeast Tennessee Trade and Conference Center  
122 Regional Park Drive (2405 Decatur Pike), Athens, TN**

**Open House:** 6:30 p.m. – 7:00 p.m.

**Public Hearing:** 7:00 p.m. – 10:00 p.m.

Comments can be submitted in writing to:

Mr. Curtis Chambellan, SEIS Document Manager

U.S. DOE / NNSA, Box 5400, Albuquerque, NM 87185-5400

by fax to (505) 845-5872; or by email to: [tritium.readiness.seis@doeal.gov](mailto:tritium.readiness.seis@doeal.gov)

Please mark envelopes and emails as "SEIS Comments"

More information is available at <http://nnsa.energy.gov/nepa/clwrseis>

If you require special assistance at the public hearing, please contact

Mr. Curtis Chambellan at (505) 845-5073.
