The Department of Energy is committed to ensuring that the safety and health fulfill that commitment, DOE is posting daily a summary and listing of occurrence reports will contain reports that were transmitted since the morning provide a brief description of each occurrence along with the facility's organization. For those that desire additional information, the listing will contain the full occurrence report.

Because of security restrictions, access to the occurrence reports will be user- and DOE contractor personnel. Any DOE or DOE contractor employee who already has access to the Occurrence Reporting and Processing System (ORPS) will automatically be able to access the Daily Occurrence Reports online by clicking the Register for Access link. Each request must be approved before granting access.

If you have any questions about the Daily Occurrence Reports, please contact the Office of Health, Safety and Security at 1-800-452-4700.
