**National Recycling Web Resources HTML**

- [Earth911.com](#) provides a listing of recycling resources to help you find a way to reuse or recycle much of your solid waste items. Their database will search for where to take specific recyclable materials in your area.
- [RealSimple.com](#) provides an A-Z guide with handy suggestions of how and where you can recycle just about anything around your house.
- [List of TV Recycling Dropoff Locations compiled by the EPA](#)  Always be sure to contact the location before you go to ensure they're still operating and supporting the program.
