**A discussion of PPC's Capabilities, Experience, Other Qualifications/Expertise in performing work similar to the SNL SOW**

PPC (through former affiliate GAITS, which merged into PPC in 2015) served as a key subcontractor for a number of years under the current SNL M&O contractor.

PPC works in the forefront of sustainability and information technology innovation, development and management with proven and certified business processes (CMMI DEV/3 and ISO) in the following markets as it relates to the SNL SOW:

- Energy
- Environment
- Regulatory Compliance
- National Security

PPC's business focus areas are also applicable to the SNL SOW:

- Energy Management and Environmental Consulting
- Records and Knowledge Management
- Information Systems Development and Integration
- Cyber Security and Information Assurance

PPC has developed core competencies directly applicable to the SNL SOW:

- Workforce Flexibility Programs for classified mission work
  - Management of Information
  - Management of Personnel
  - Software Development in Classified and Unclassified Settings
- Broad Range of IT Services
  - System Architecture, Design, and Requirements Analysis
  - Infrastructure Optimization Services
  - Application Development (CMMI level 3, Agile)
  - Data Management and Visualization
- Cyber Security and Information Assurance
  - Nuclear Power Generation Cyber Security
  - Regulatory Review Consulting and Guidance
  - Lifecycle support of Security Technologies
  - Risk Management and Threat Diagnosis and Analysis
  - Authentication and Accreditation
- Management Consulting
