### Schedule of Proposed Actions (SOPA)

The Schedule of Proposed Actions (SOPA) is published in January, April, July, and October. It contains a list of proposed actions that will soon begin or are currently undergoing environmental analysis and documentation. It provides information so that you can become aware of and indicate your interest in specific proposals. We encourage your early and ongoing involvement in any proposals of interest to you.

To learn more about [SOPA](#) and to view [SOPA](#) reports, please click [here](#).

### Projects

Click [here](#) for a list of forest projects that are at different stages of NEPA analyses. You may also find past projects, their objectives, and their results. If you are seeking information about a specific project or other project not listed, please **call Forest NEPA Coordinator, Jennifer Cramer at 505-438-5449**.

Each year we conduct environmental analysis and planning for a wide variety of projects. Your participation in the analysis for these projects can promote better decisions by informing us of your concerns regarding the potential impacts of our proposed projects and by reviewing our analysis and alternatives.

For a list of Forest projects, please click [here](#).
